

One base carries time, three fields organize relay, two wings diffuse capability, and twelve prototypes remain replaceable; AI proposes, humans decide release and exit.

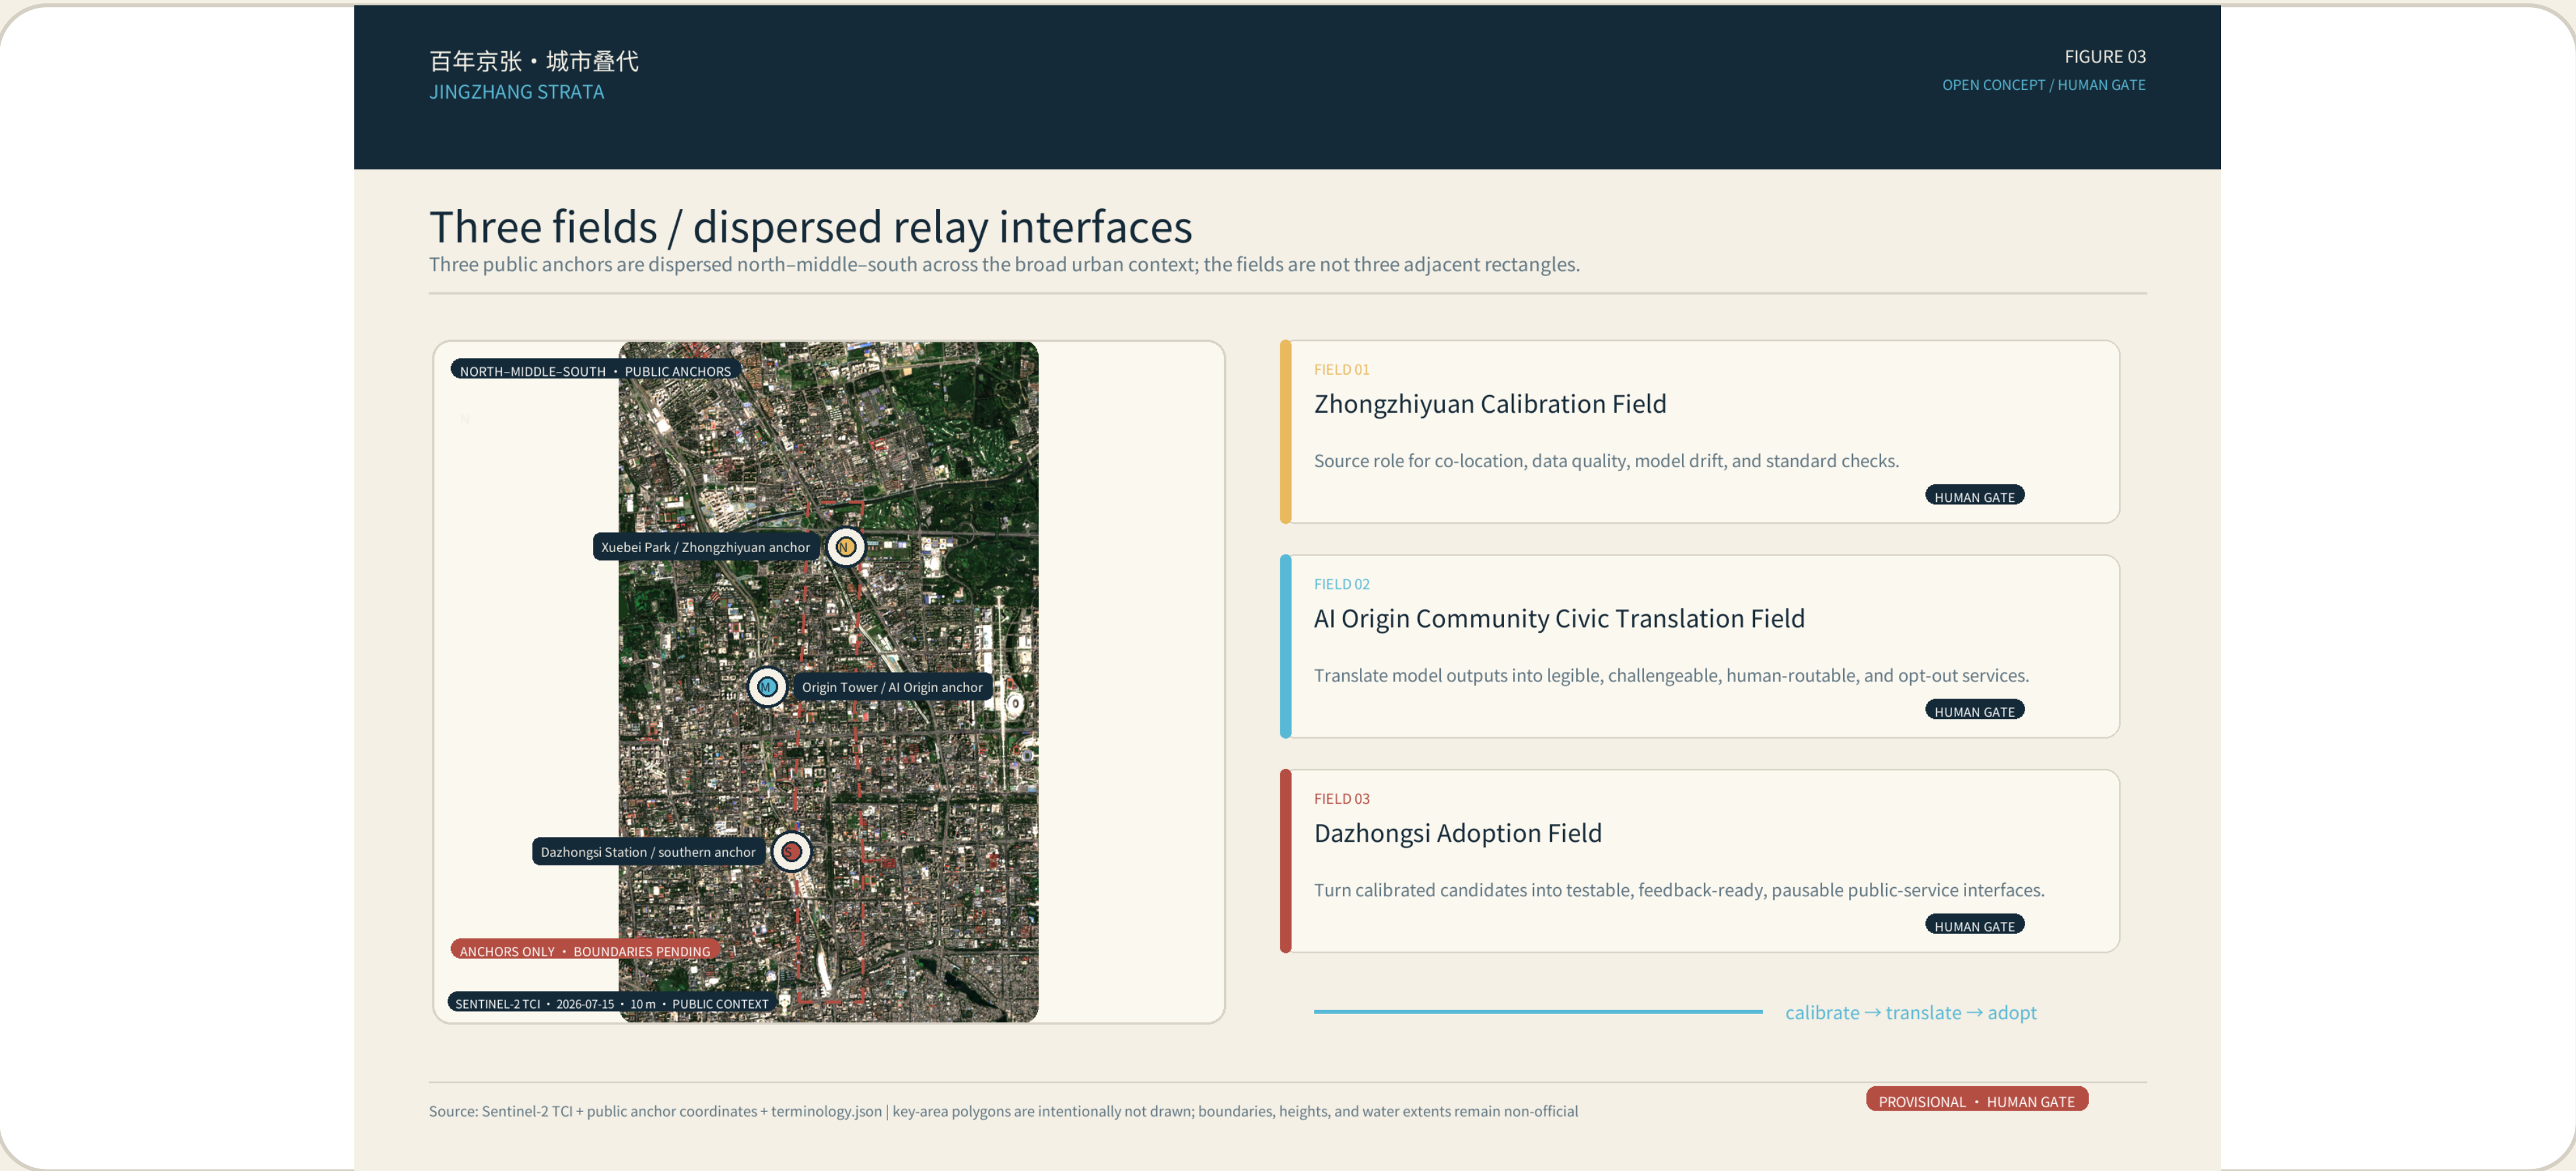

Heritage substrate -> public stitching -> innovation collaboration -> trustworthy intelligence -> runtime feedback

PROVISIONAL / NOT A REDLINE

Three-field relay and four-layer spatial grammar

The point is not to create three new districts, but to place calibration, translation, and adoption into a continuous heritage-public-space relation.

FIELD 01

Zhongzhiyuan Calibration Field

共置校准 / model drift / standards

FIELD 02

AI Origin Community Civic Translation Field

explain / question / switch to human

FIELD 03

Dazhongsi Adoption Field

experience / feedback / pause

FOUR LAYERS / 四层

Heritage substrate

遗产基底

Public stitching

公共缝合

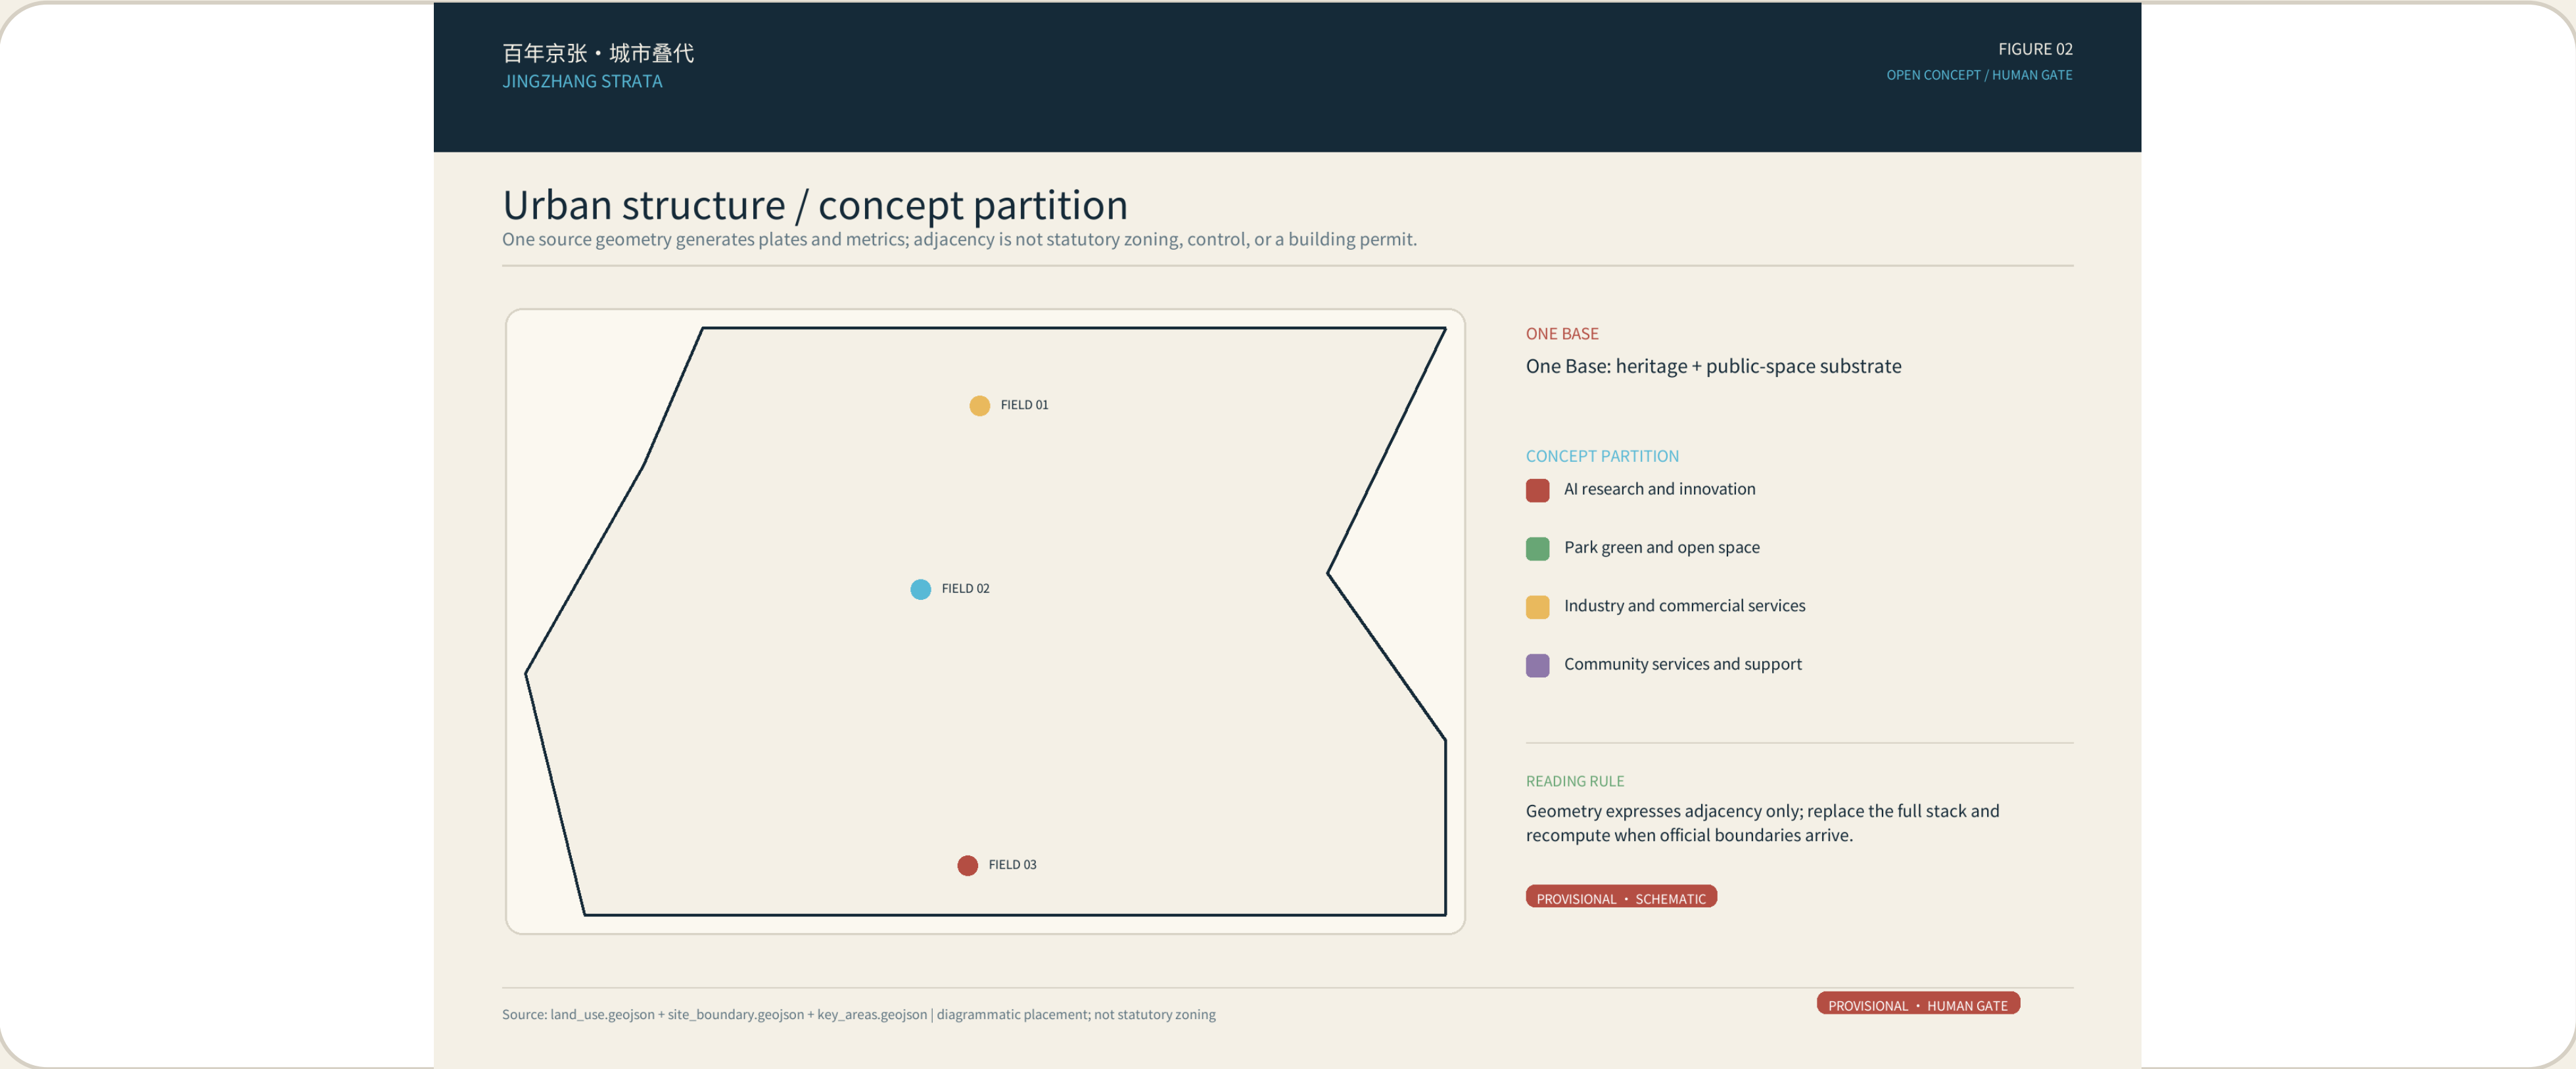

Innovation collaboration

创新协作

Trustworthy intelligence

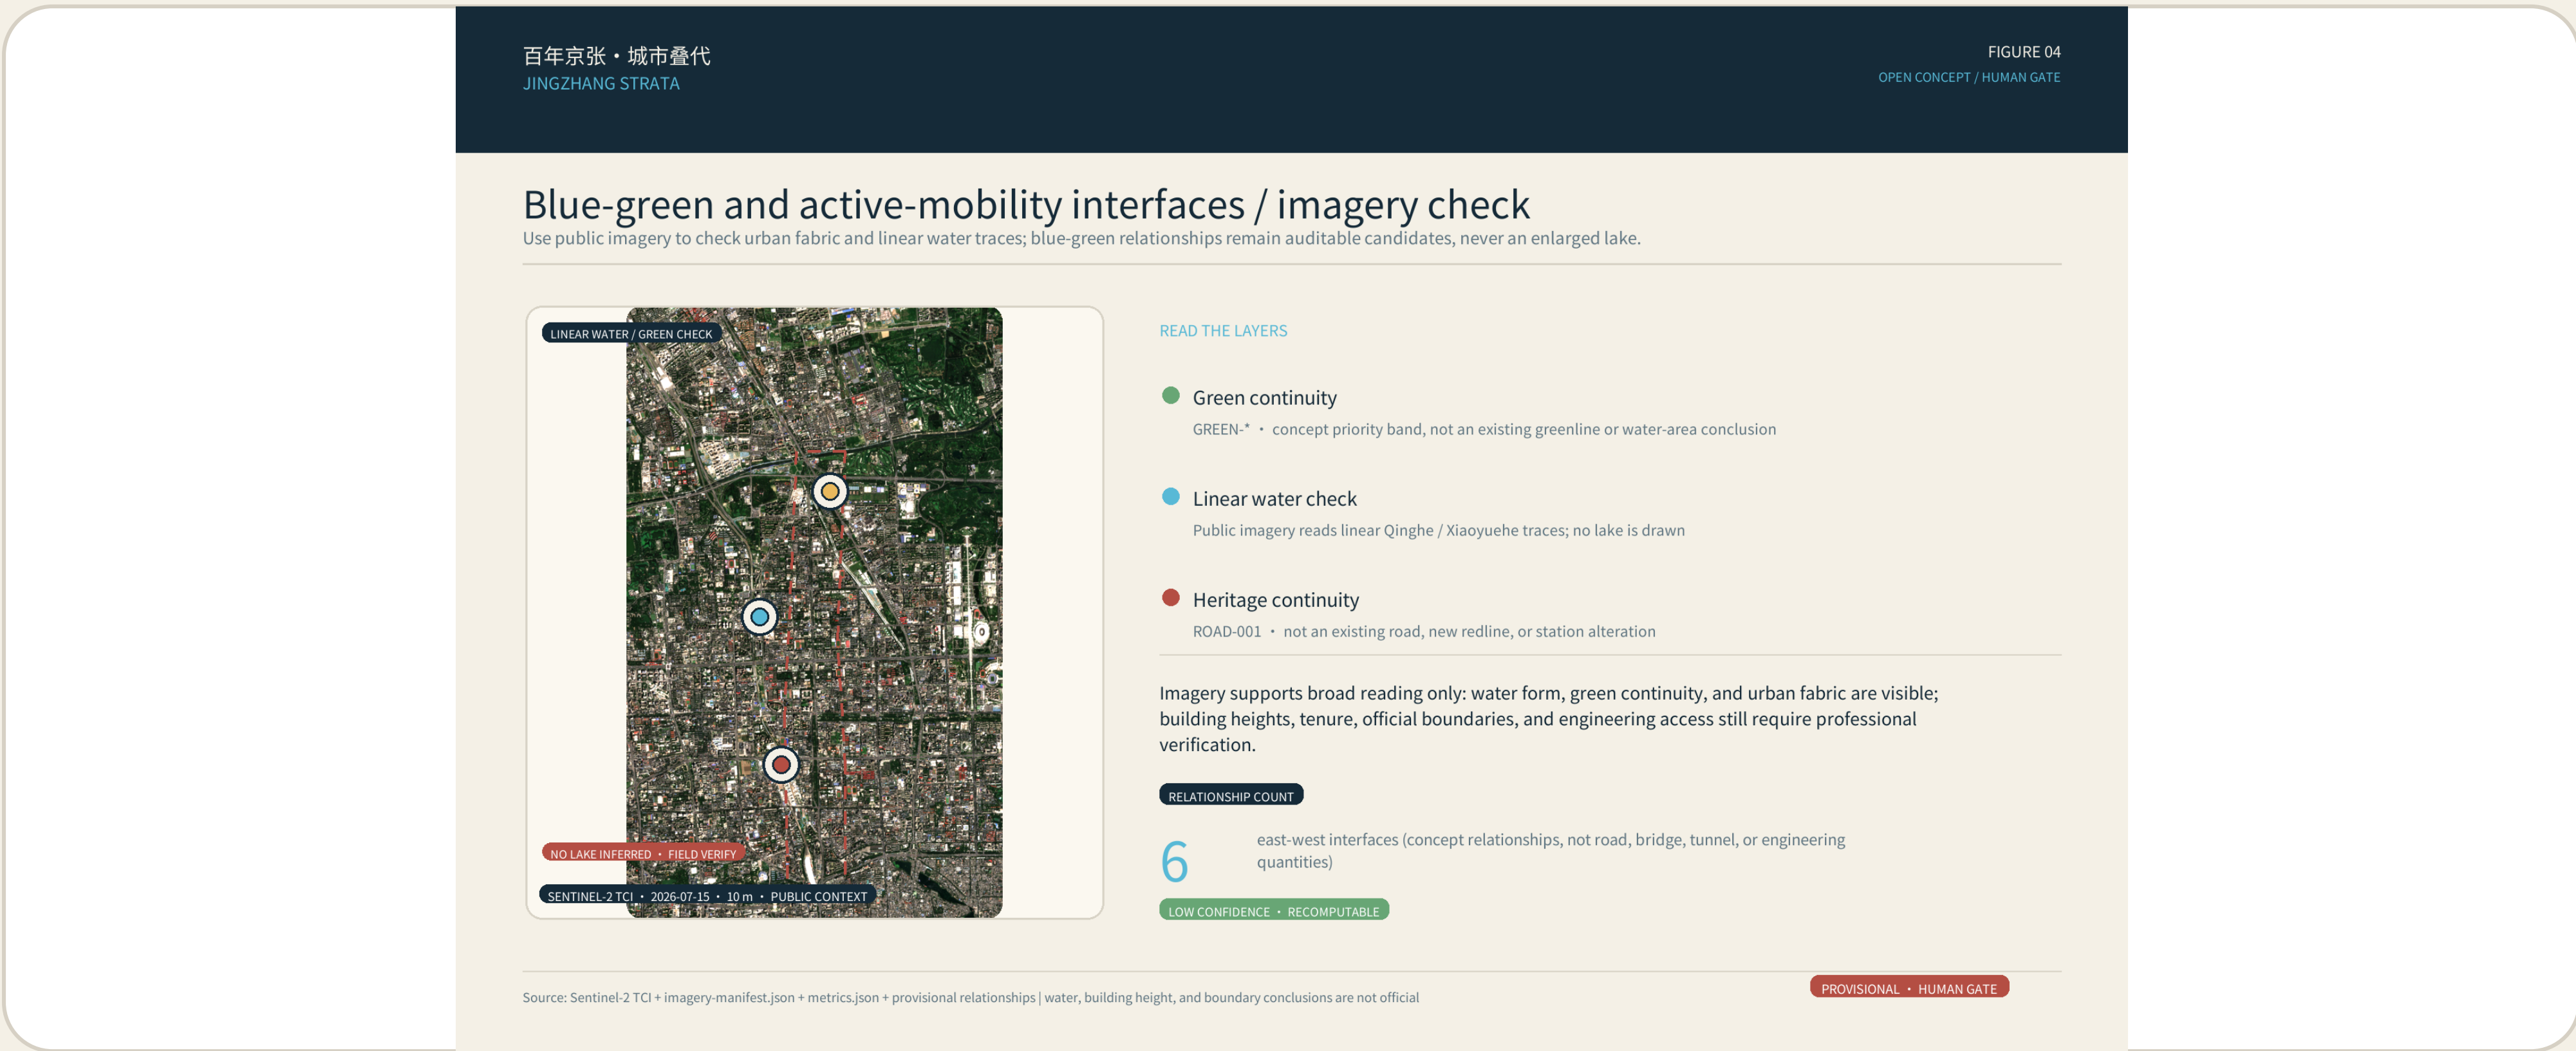

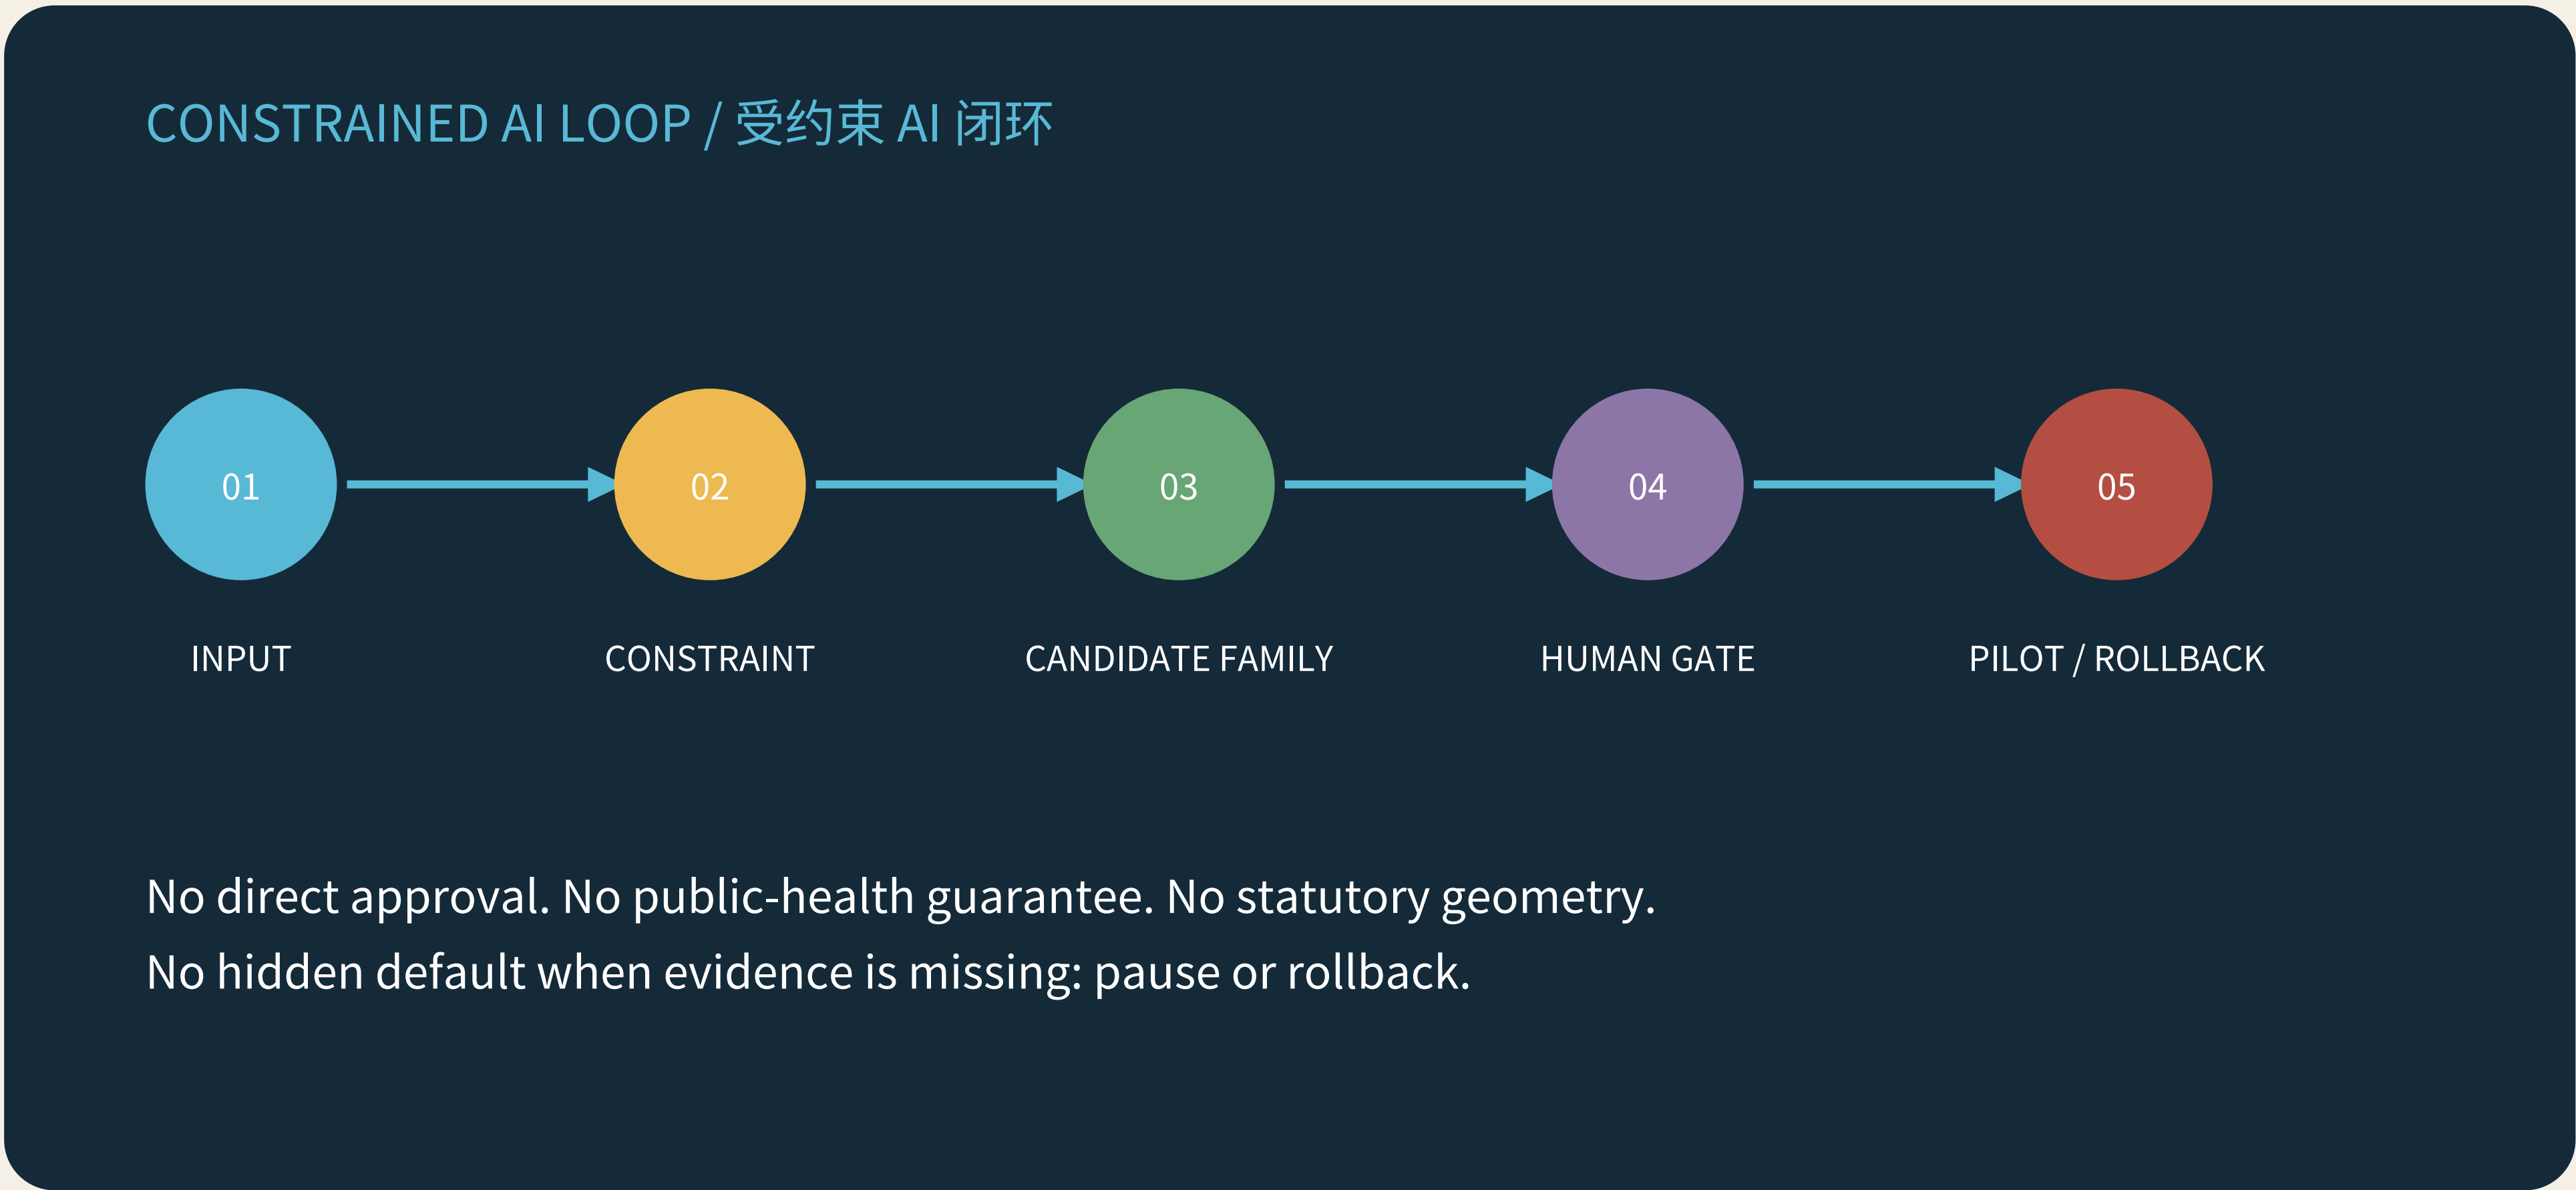

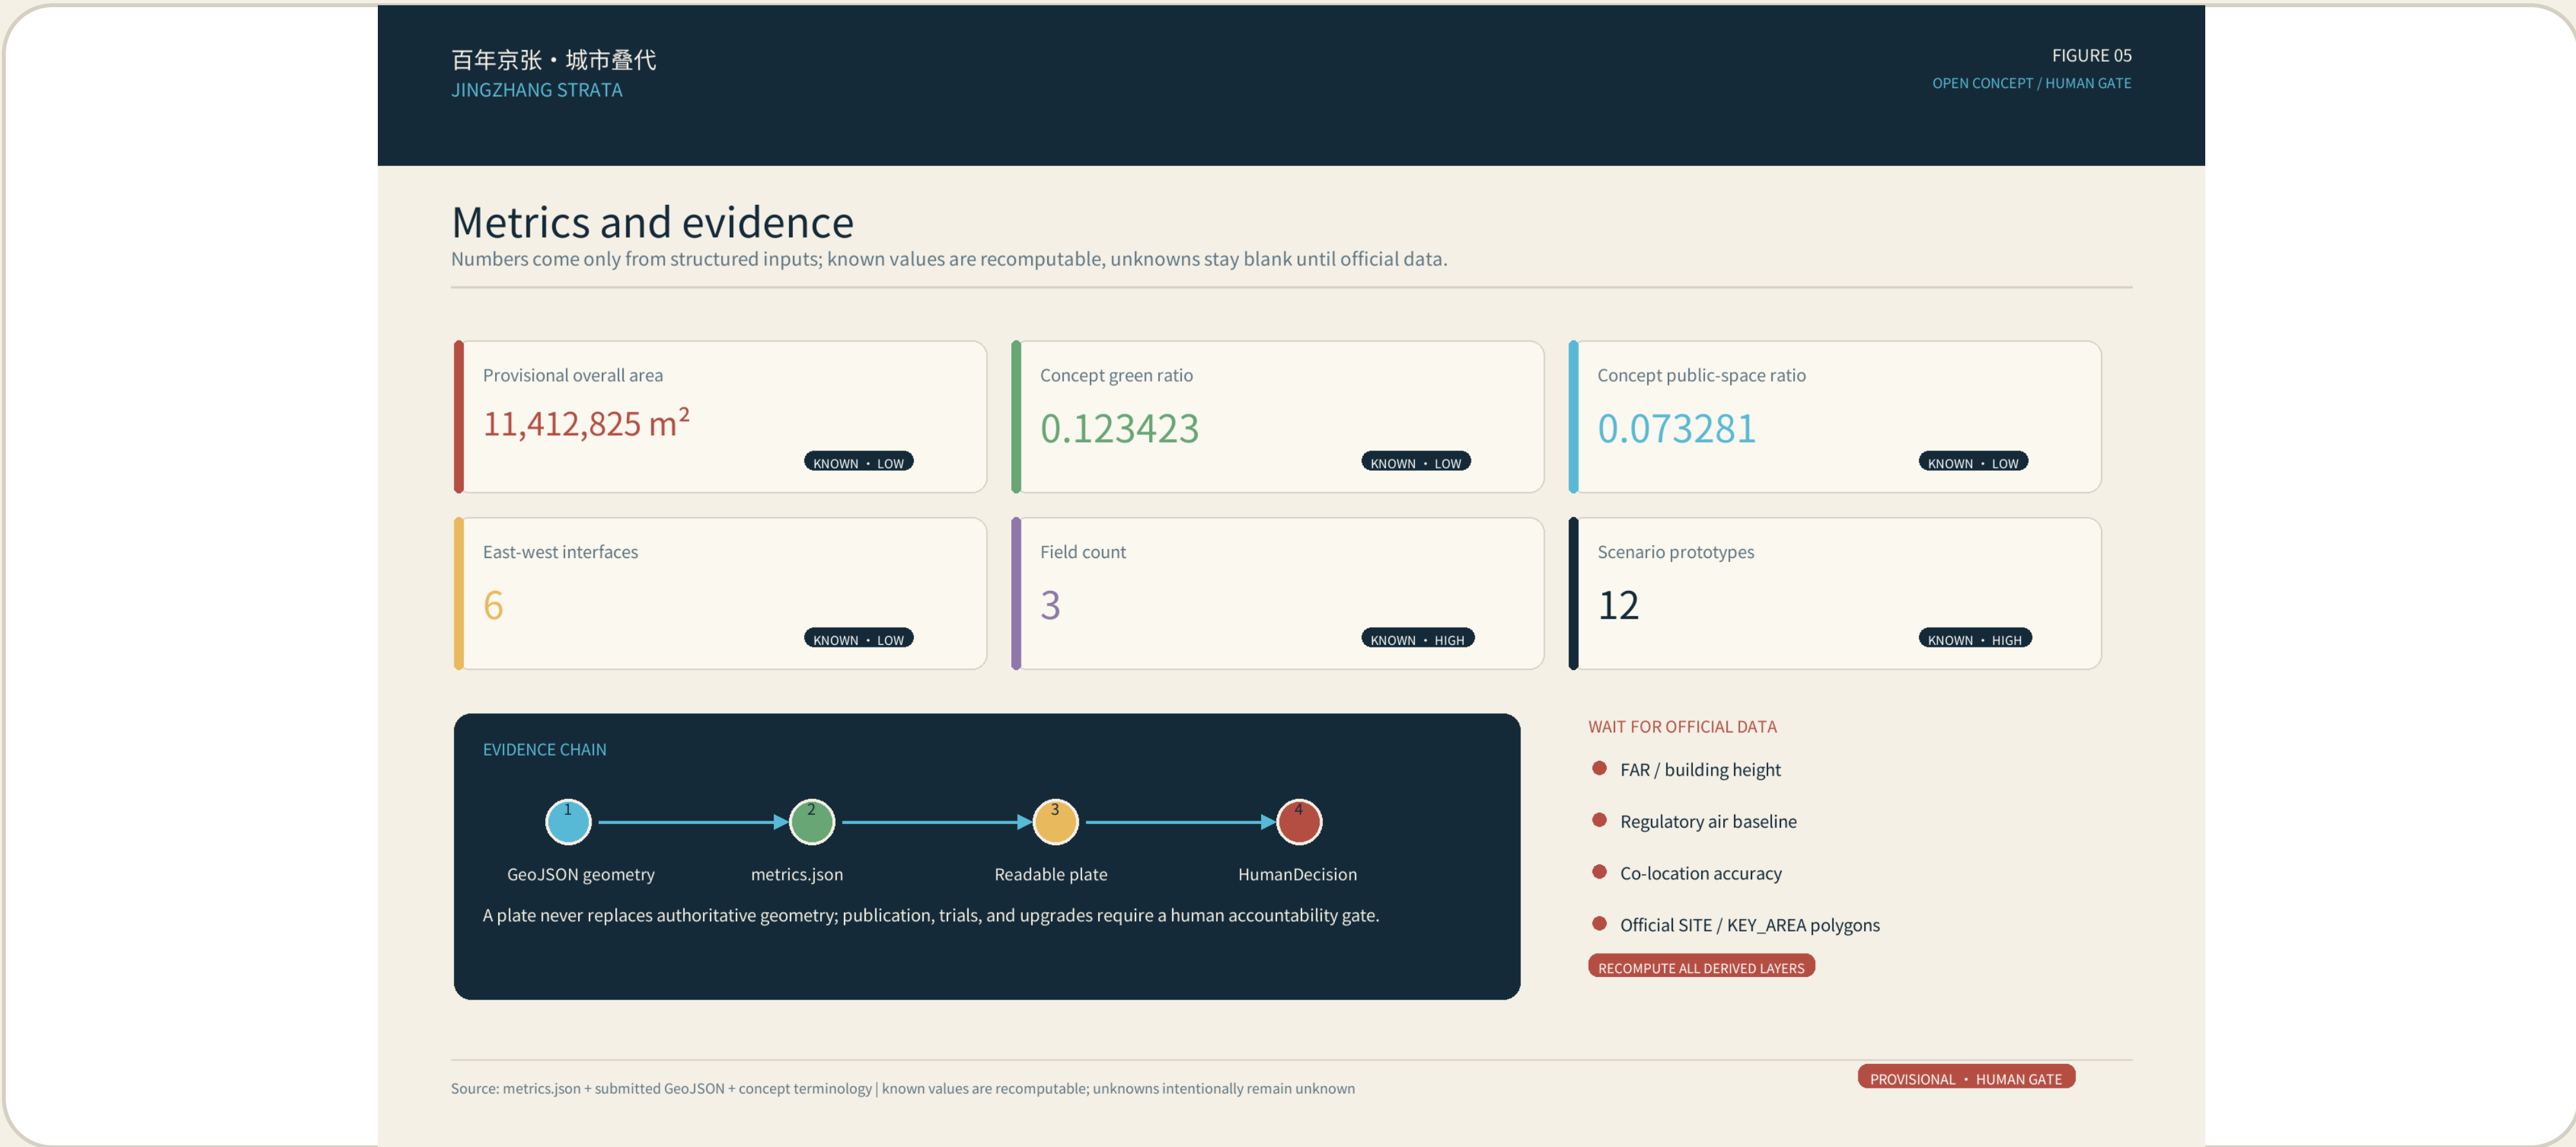

可信智能

SCHEMATIC / PROVISIONAL ENVELOPES

From candidate families to reversible civic services

Fix inputs, constraints, metrics, and evidence to generate comparable candidates; only expert and public review can advance a candidate to HumanDecision.
