

ZERO • JZ: Circular Zero-Waste Belt

Zero-Waste City Practice Belt & Resource Circularity System (Concept Booklet)

Centennial Jingzhang AI Innovation Belt Urban Design Competition • Low-Carbon Green Track

PROVISIONAL boundary • not an official redline • recalculate after official data

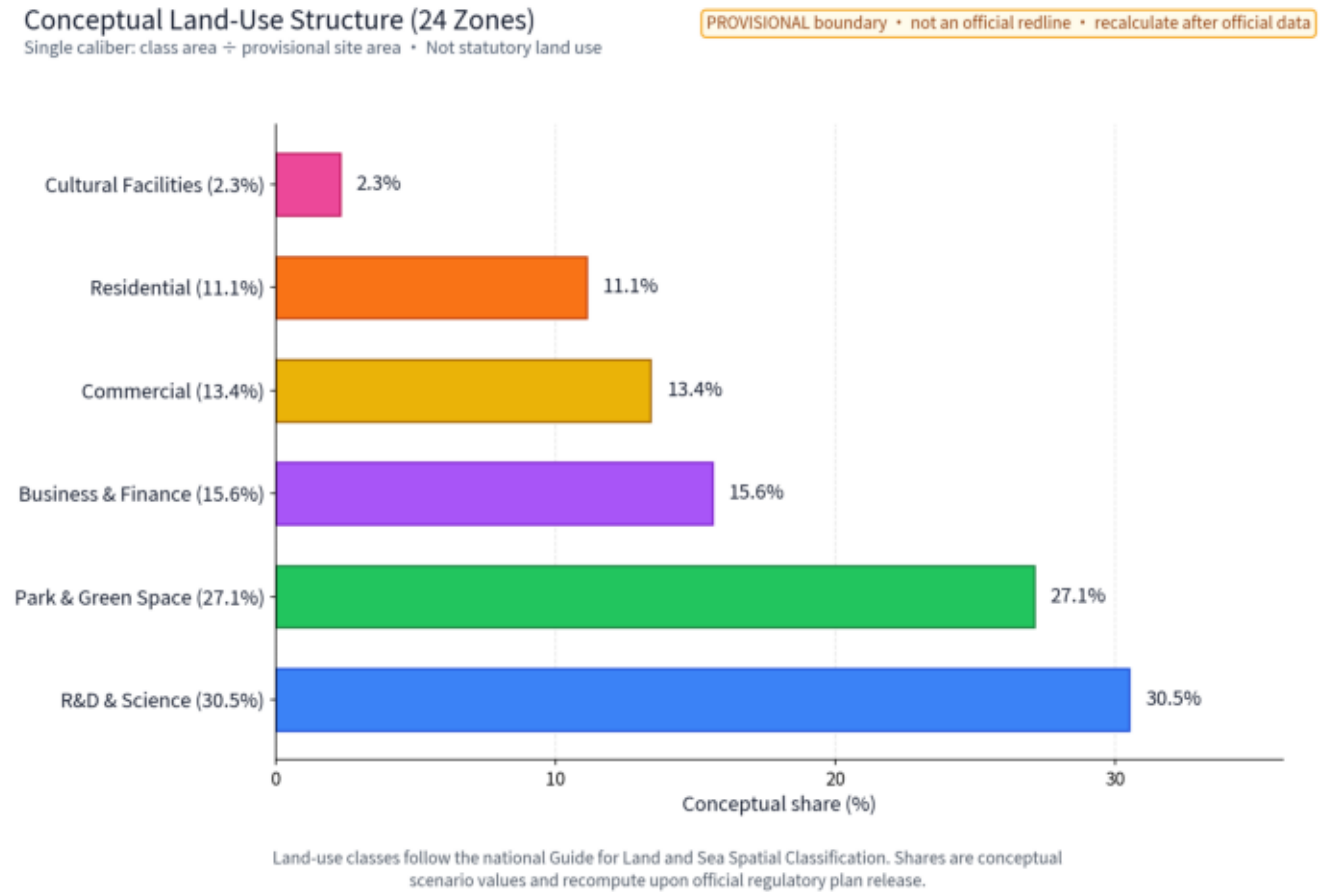

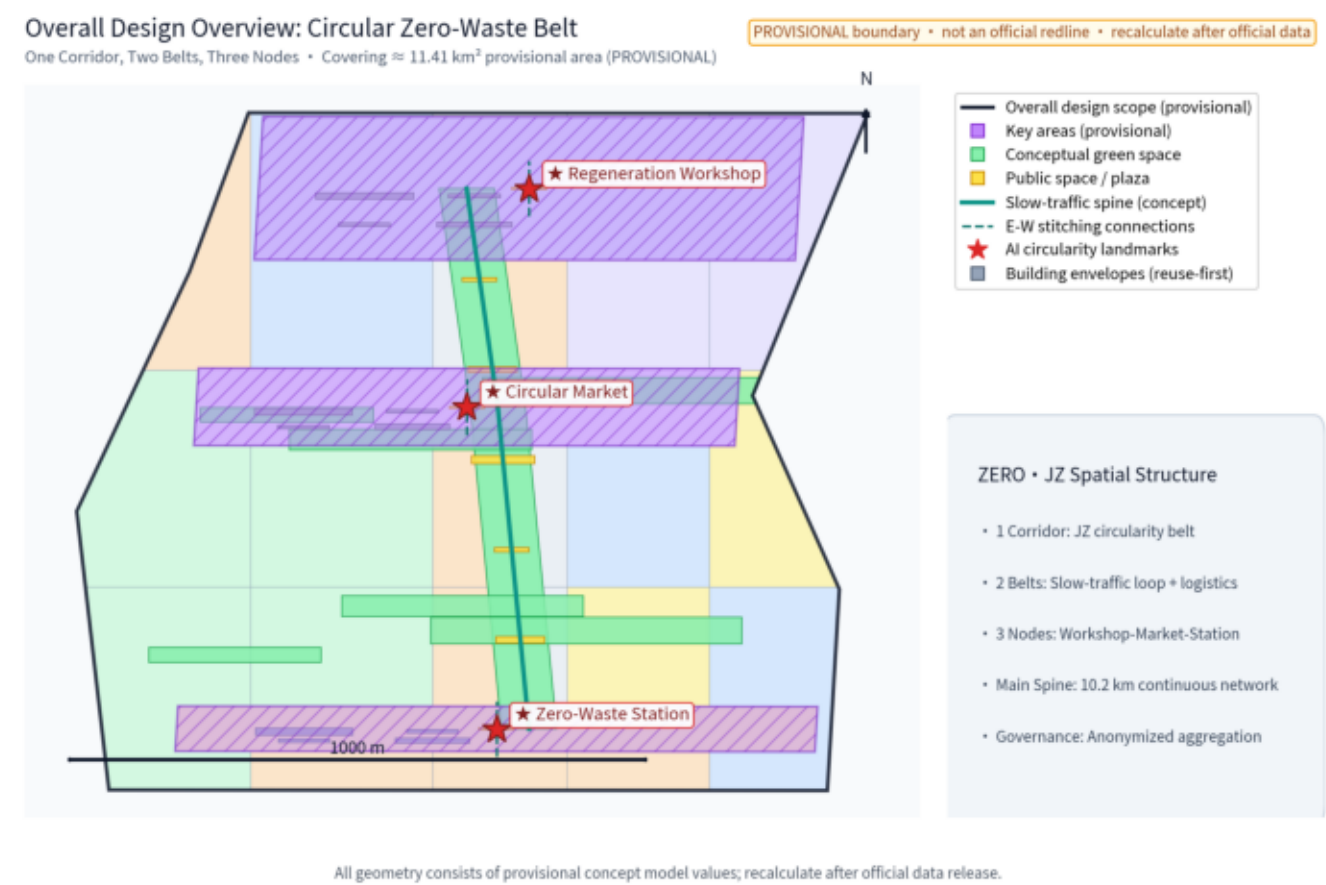

Three-Tier Scopes & Spatial Positioning

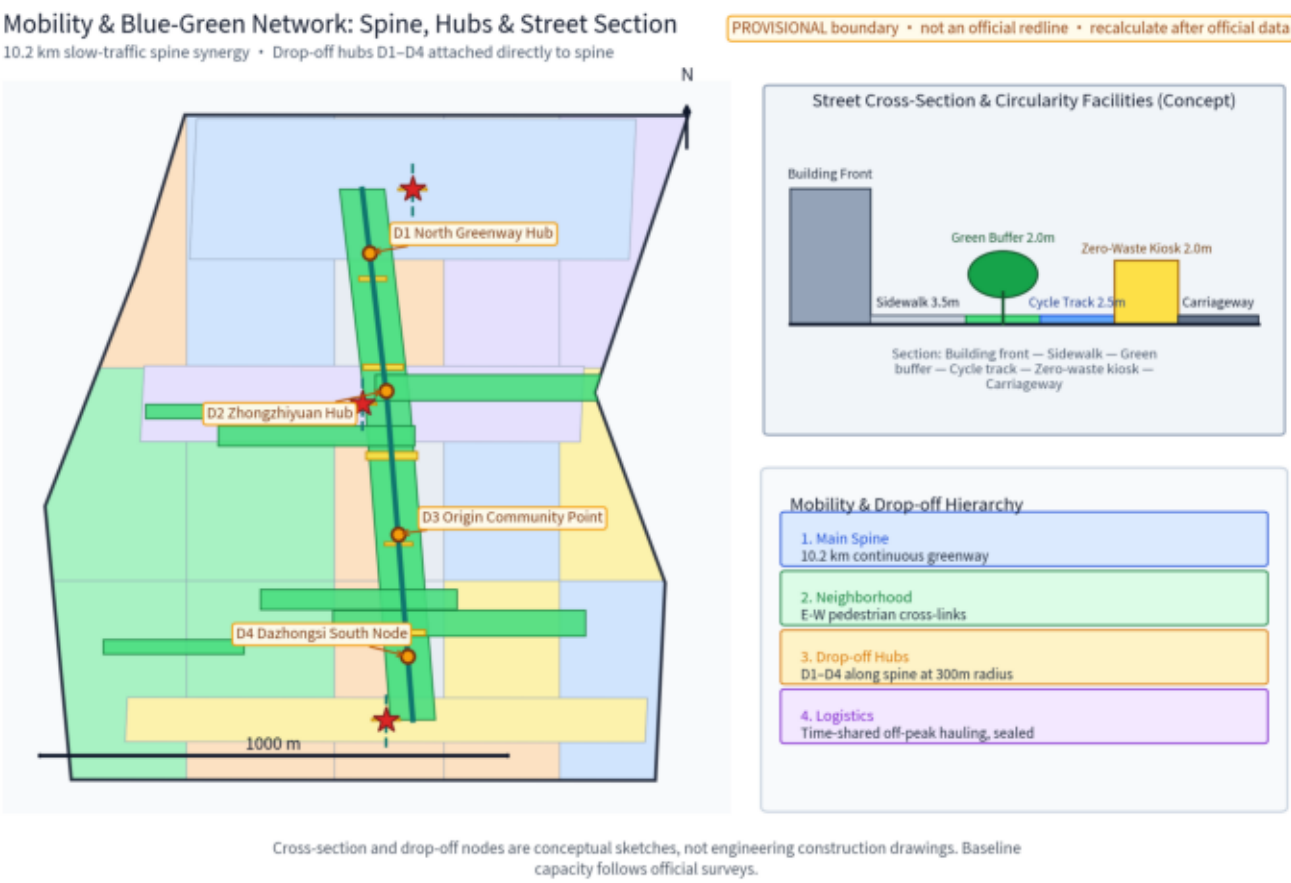

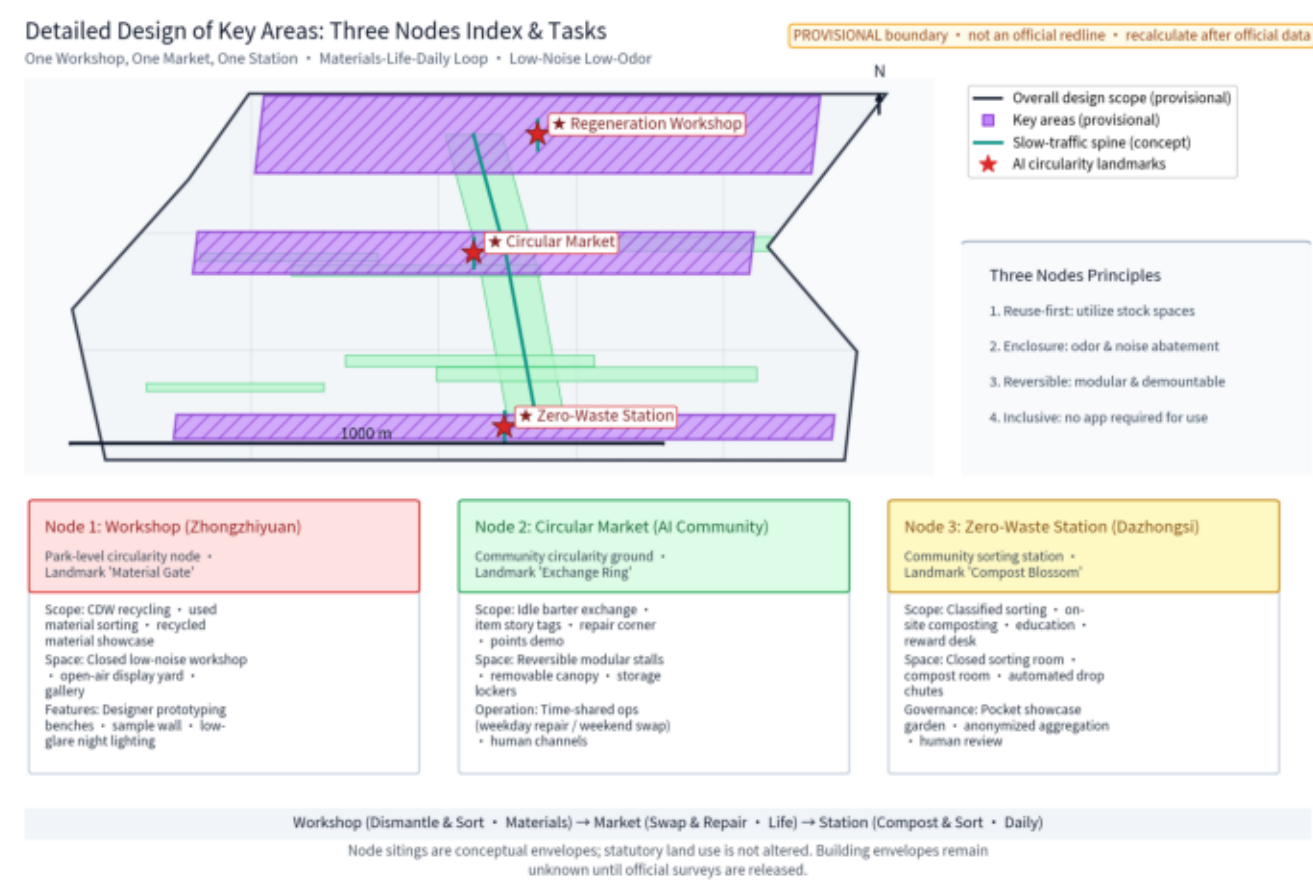

Official Scope Hierarchy (announcement text): Coordinated research area $\approx 43.6 \text{ km}^2$, overall design area $\approx 11.4 \text{ km}^2$, key detailed design areas $\approx 368.4 \text{ ha}$ total.

Package Concept Sub-Scope: Sub-scope within the overall design area; site_boundary provisional polygon $\approx 11.41 \text{ km}^2$ (participant provisional model data).

3 Core Recalculated Metrics • 12 AI+ Scenario Cards • 3 Industry Test Protocols • 6 Personas • 4 Annual Programs

Submitted by JohnXu22786 • A3 Concept Booklet (Bilingual) • Based on provisional boundaries

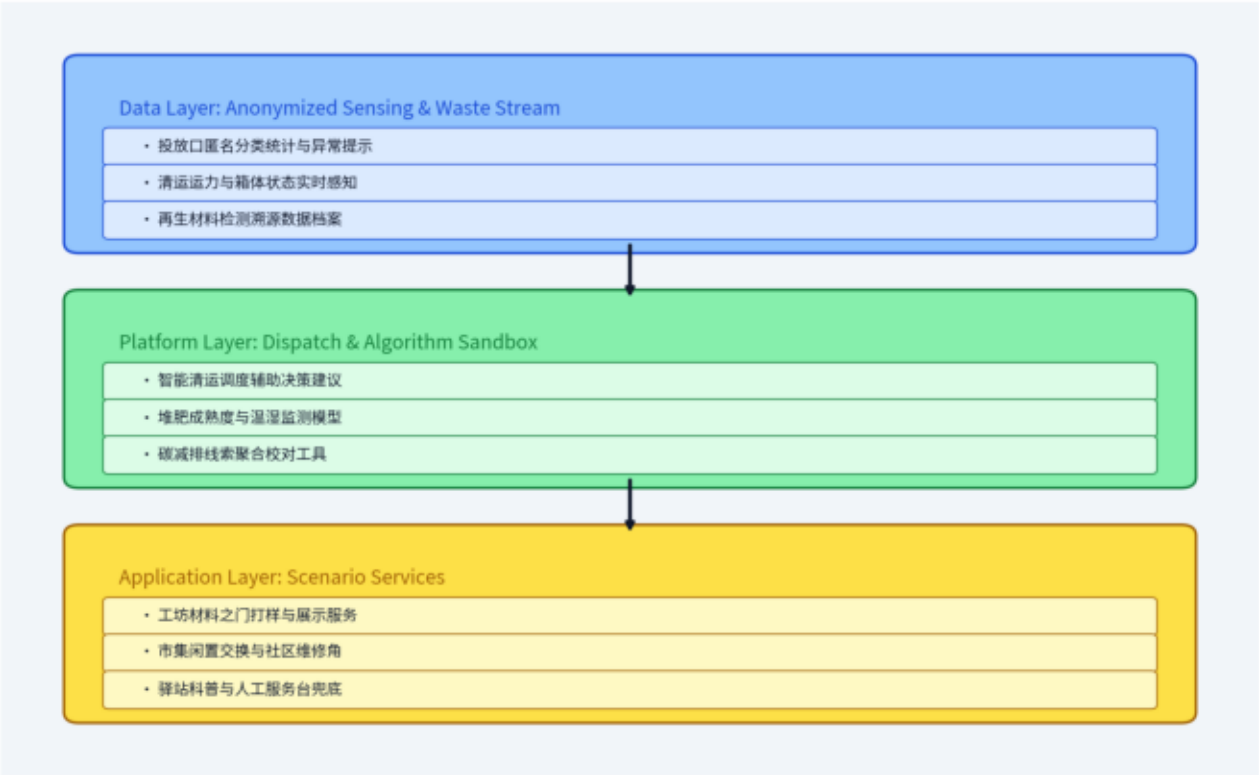

AI Innovation Ecosystem Atlas: Full-Stack Circularity

PROVISIONAL boundary • not an official redline • recalculate after official data

Waste streams translated to data, industry and spatial flows • Anonymized aggregation

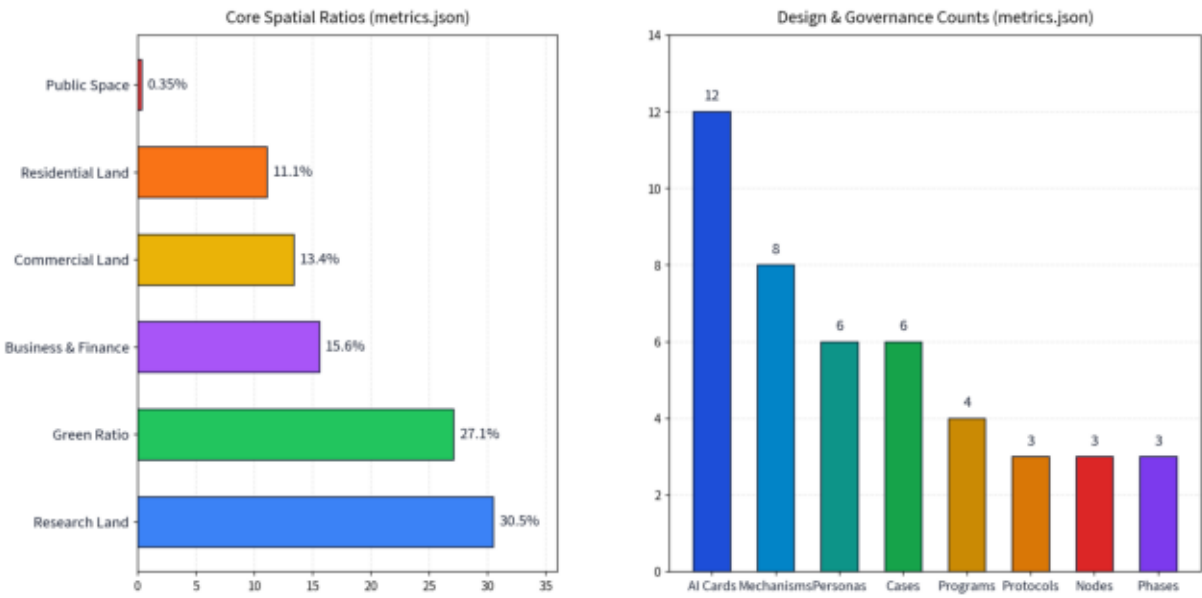

All 12 scenario cards have named owners, non-AI fallback paths, and exit thresholds; no individual tracking.

Key Metric Evidence: Spatial Ratios, Counts & Protocols

PROVISIONAL boundary • not an official redline • recalculate after official data

Values from metrics.json (single caliber) • Confidence levels & recalculation triggers

Source: metrics.json. Areas and ratios calculated from EPSG:4548 geometry; refreshed automatically upon official data release.

Brand & Visual Identity System: ZERO • JZ (Concept)

Heritage line outer ring + Circular return inner arrow + Green AI node • Double Rings

PROVISIONAL boundary • not an official redline • recalculate after official data

ZERO • JZ Circular Belt

Zero-Waste City Practice Belt & Circularity

Color Palette & VI Specs

京张绿廊青 (Spine Teal)
Pantone 3282 C • #0D9488

资源循环绿 (Circularity Green)
Pantone 361 C • #22C55E

设施警示橙 (Kiosk Amber)
Pantone 137 C • #F59E0B

铁路工业墨 (Railway Ink)
Pantone Black 6 C • #0F172A

Concept stage: official trademark search not yet completed; names and marks serve as internal working codenames only.

Overall Design Overview: Circular Zero-Waste Belt

One Corridor, Two Belts, Three Nodes • Covering ≈ 11.41 km² provisional area (PROVISIONAL)

PROVISIONAL boundary • not an official redline • recalculate after official data

Overall design scope (provisional)

Key areas (provisional)

Conceptual green space

Public space / plaza

Slow-traffic spine (concept)

E-W stitching connections

AI circularity landmarks

Building envelopes (reuse-first)

ZERO • JZ Spatial Structure

• 1 Corridor: JZ circularity belt

• 2 Belts: Slow-traffic loop + logistics

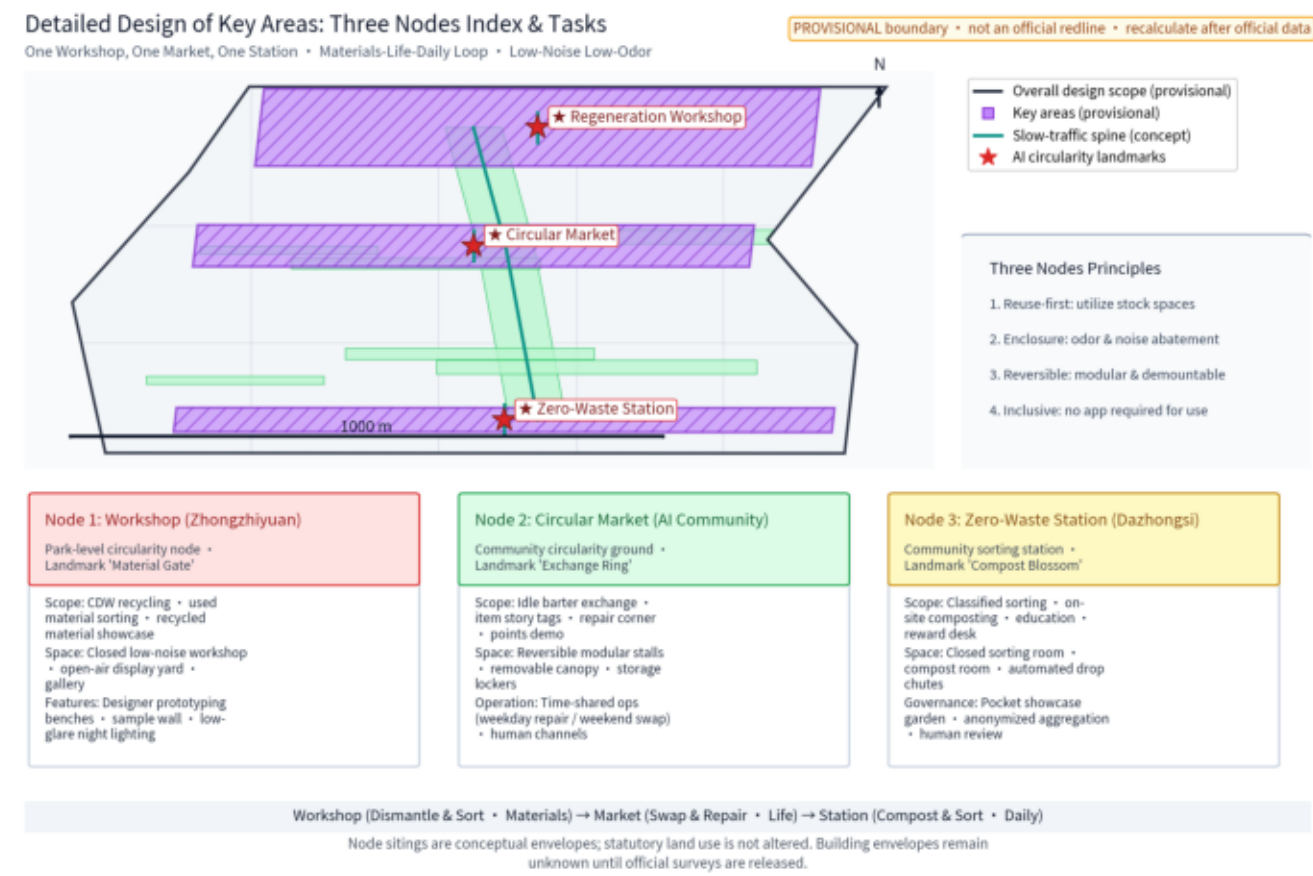

• 3 Nodes: Workshop-Market-Station

• Main Spine: 10.2 km continuous network

• Governance: Anonymized aggregation

All geometry consists of provisional concept model values; recalculate after official data release.

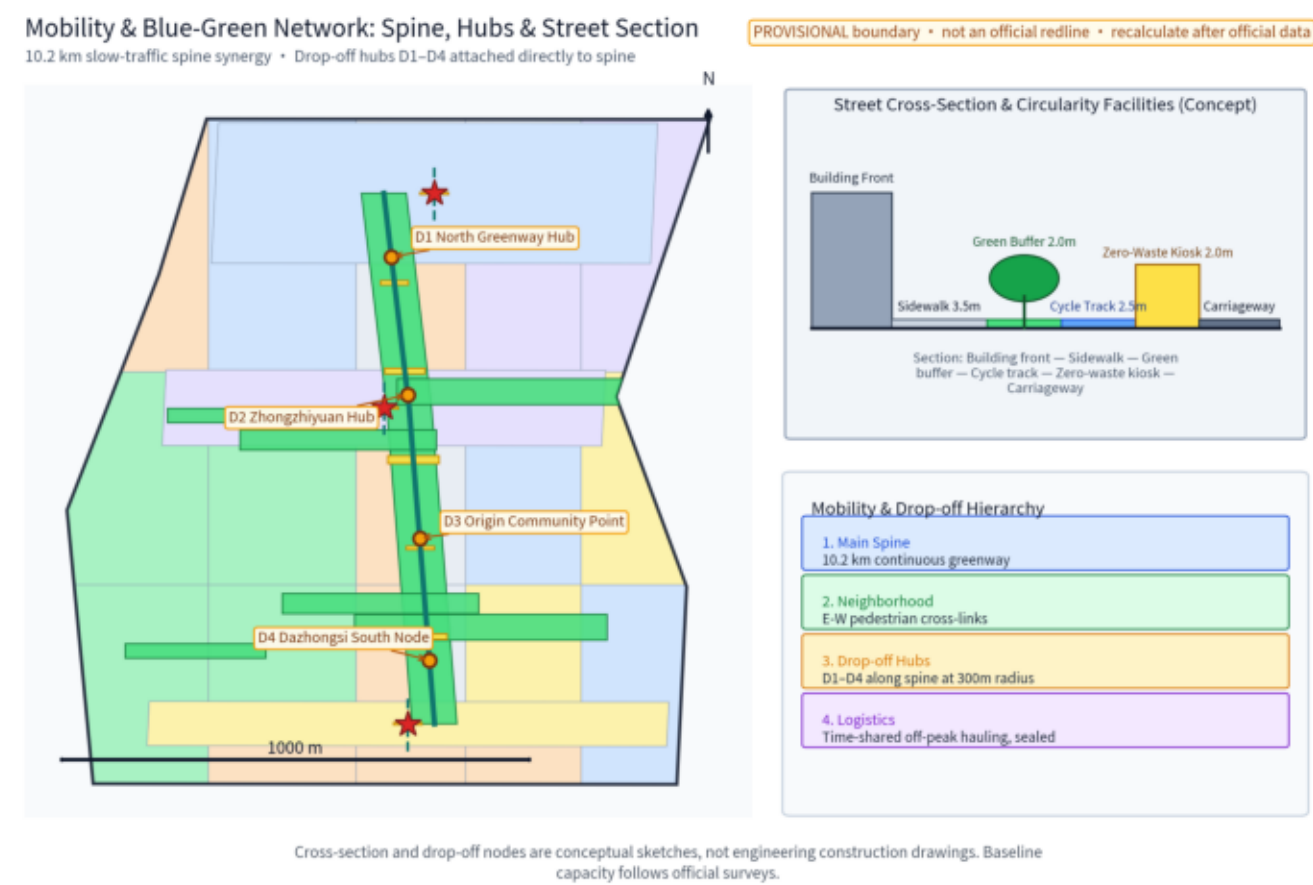

All geometry consists of provisional concept model values; recalculate after official data release.
