

01 WHY - GROUND-FLOOR EVIDENCE 02 WHAT - THICK-GROUND NETWORK

DESIGN

The diagnostic question

Where can the existing city ground become more continuous, open, shaded and shared?

- barriers and weak interfaces
- inactive or inaccessible ground floors
- missing climate-protected stay space
- fragmented public-service connections

Evidence discipline: concept geometry only.
Official GIS remains required.

Thick-Ground Network / 厚基面网络总图

One continuous urban grammar links six deployment families with three place-specific prototypes.

NETWORK CONCEPT

03 HOW - FIVE-BAND SECTION GRAMMAR

G0 continuous movement

G1 climate-protected stay

G2 porous threshold

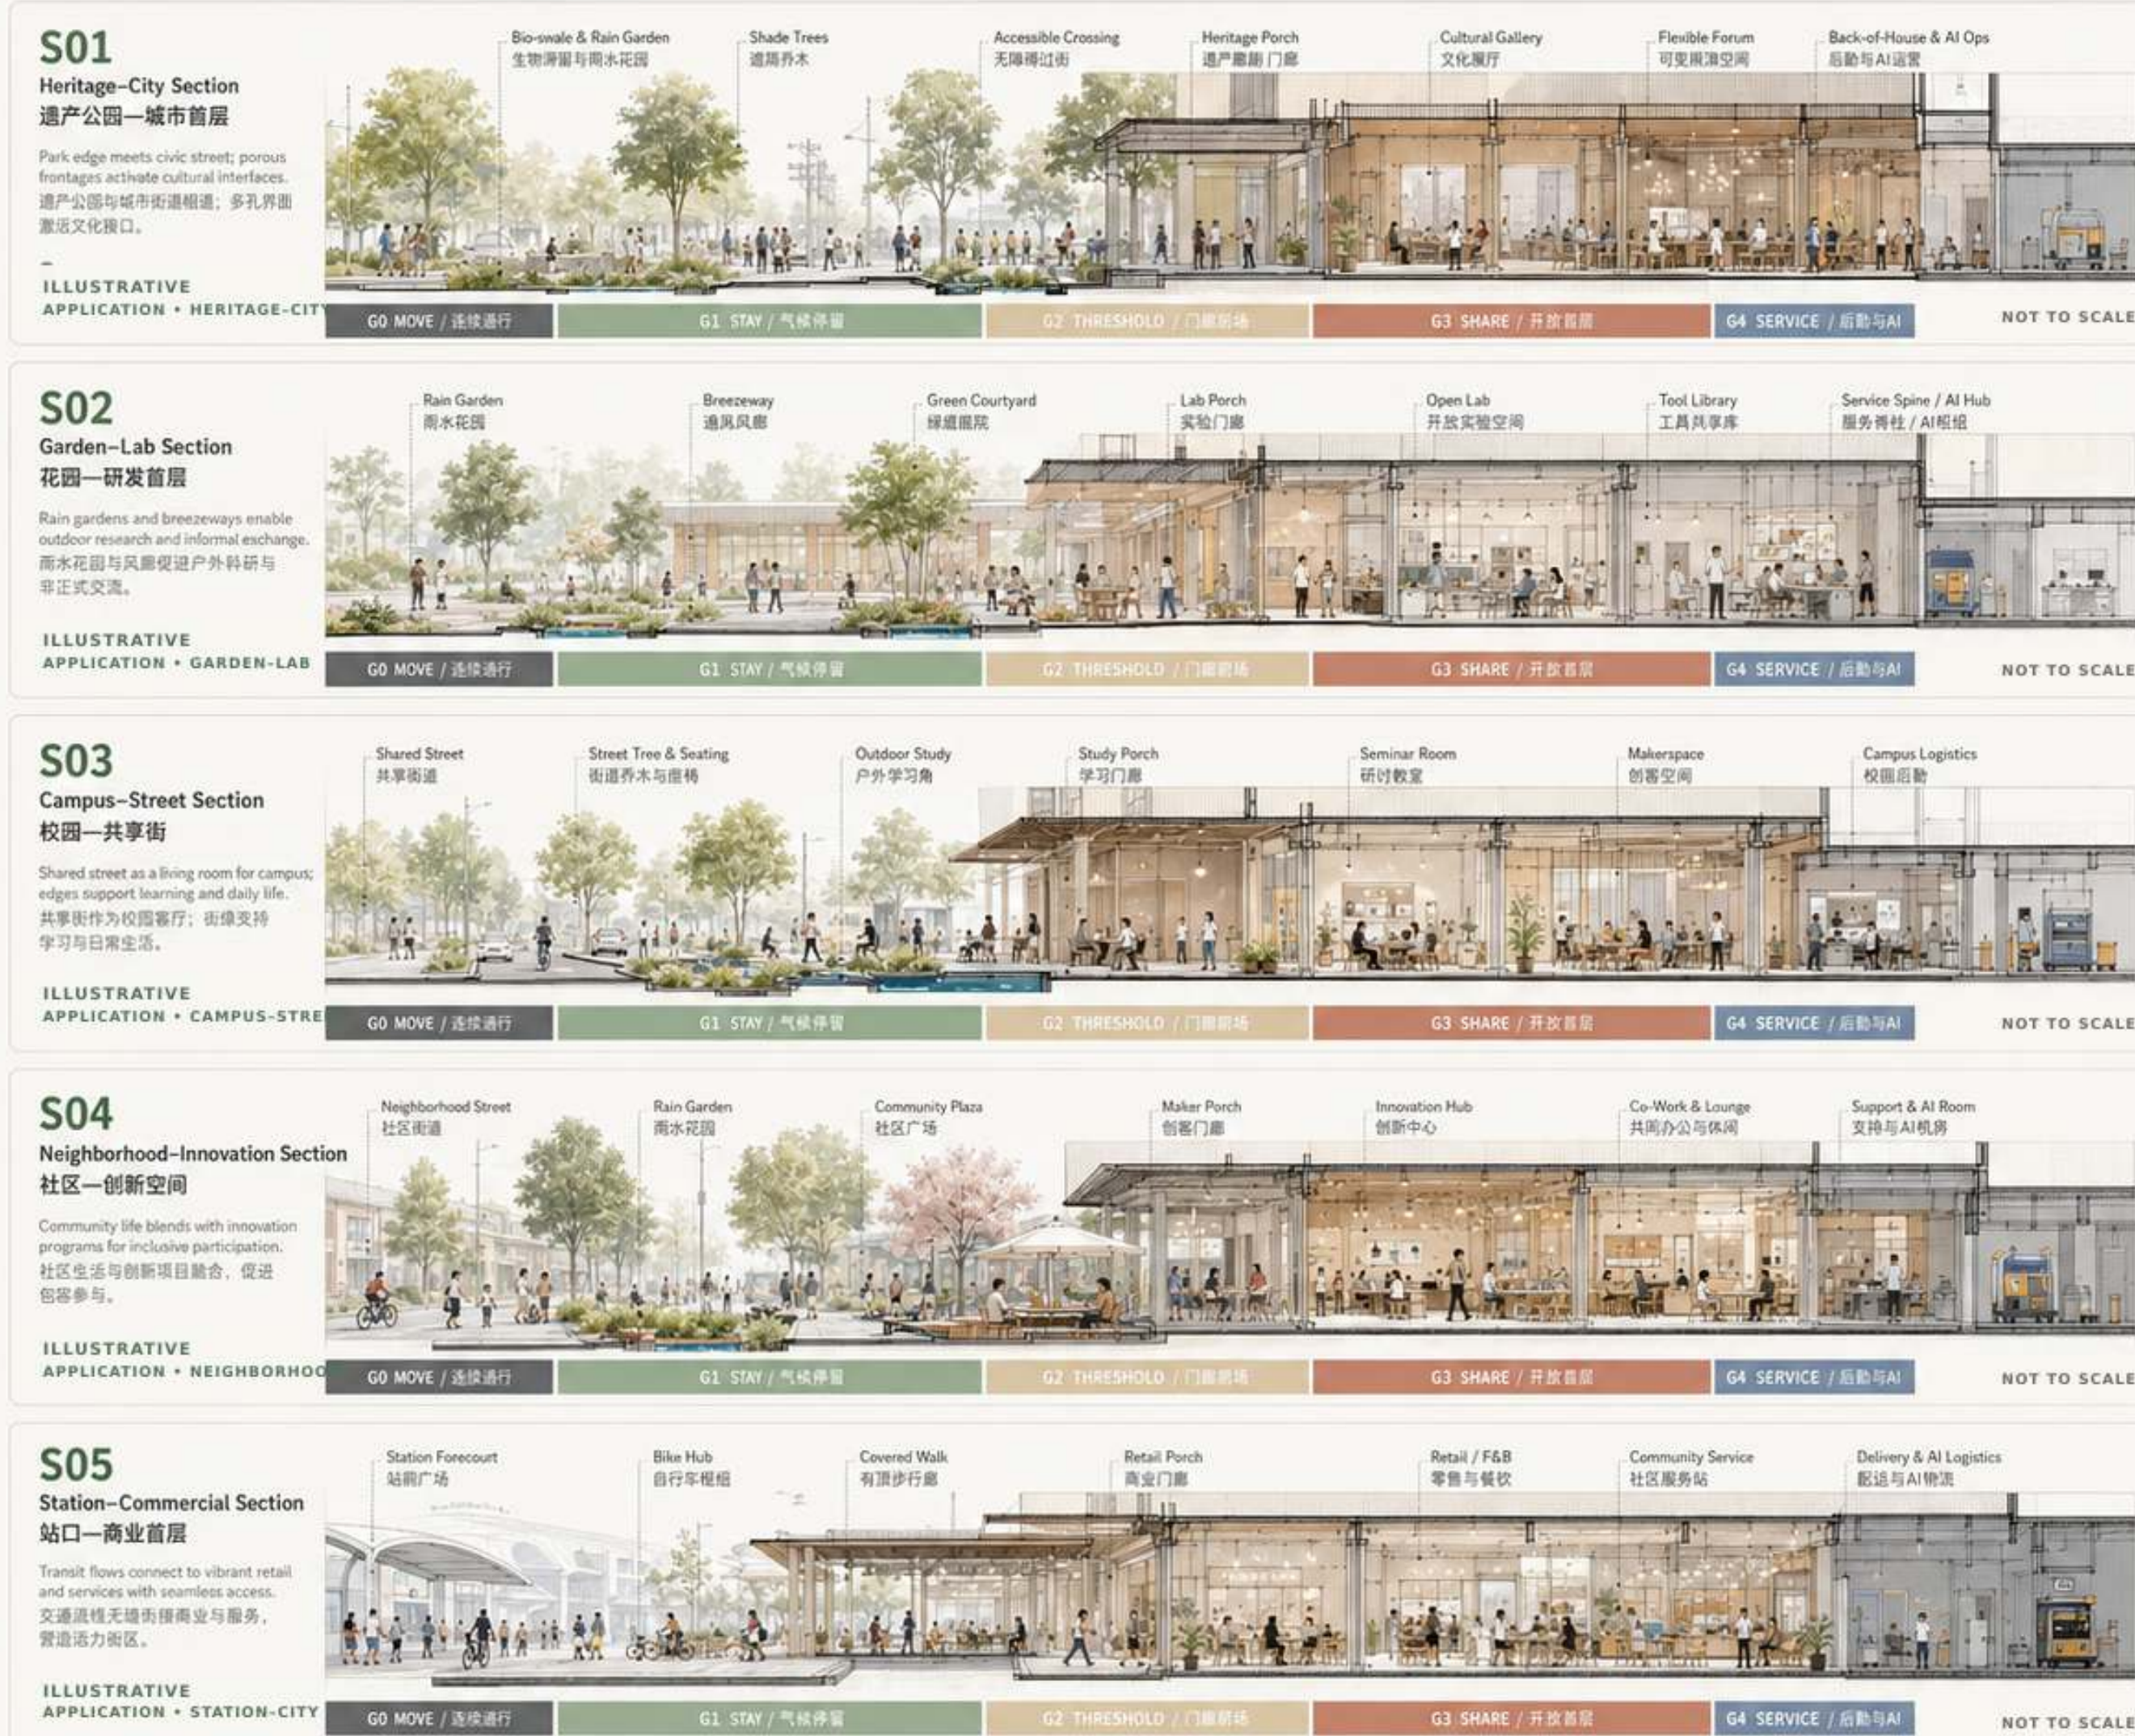

G3 active shared ground floor

G4 service and AI support

AI is an optional enhancement.
G0 remains uninterrupted.

Thick-Ground Section Atlas / 厚基面剖面图谱

Five-Band Ground-Floor Grammar in Action / 五段空间语法的场景化表达

DESIGN / PROVISIONAL

Prototype families

Garden

ecology + research

Learning

street + open ground floor

Station-city

transfer + urban rooms

Evidence boundary:
illustrative applications;
no verified dimensions.

04 FROM NETWORK TO THREE DIFFERENT URBAN CONDITIONS

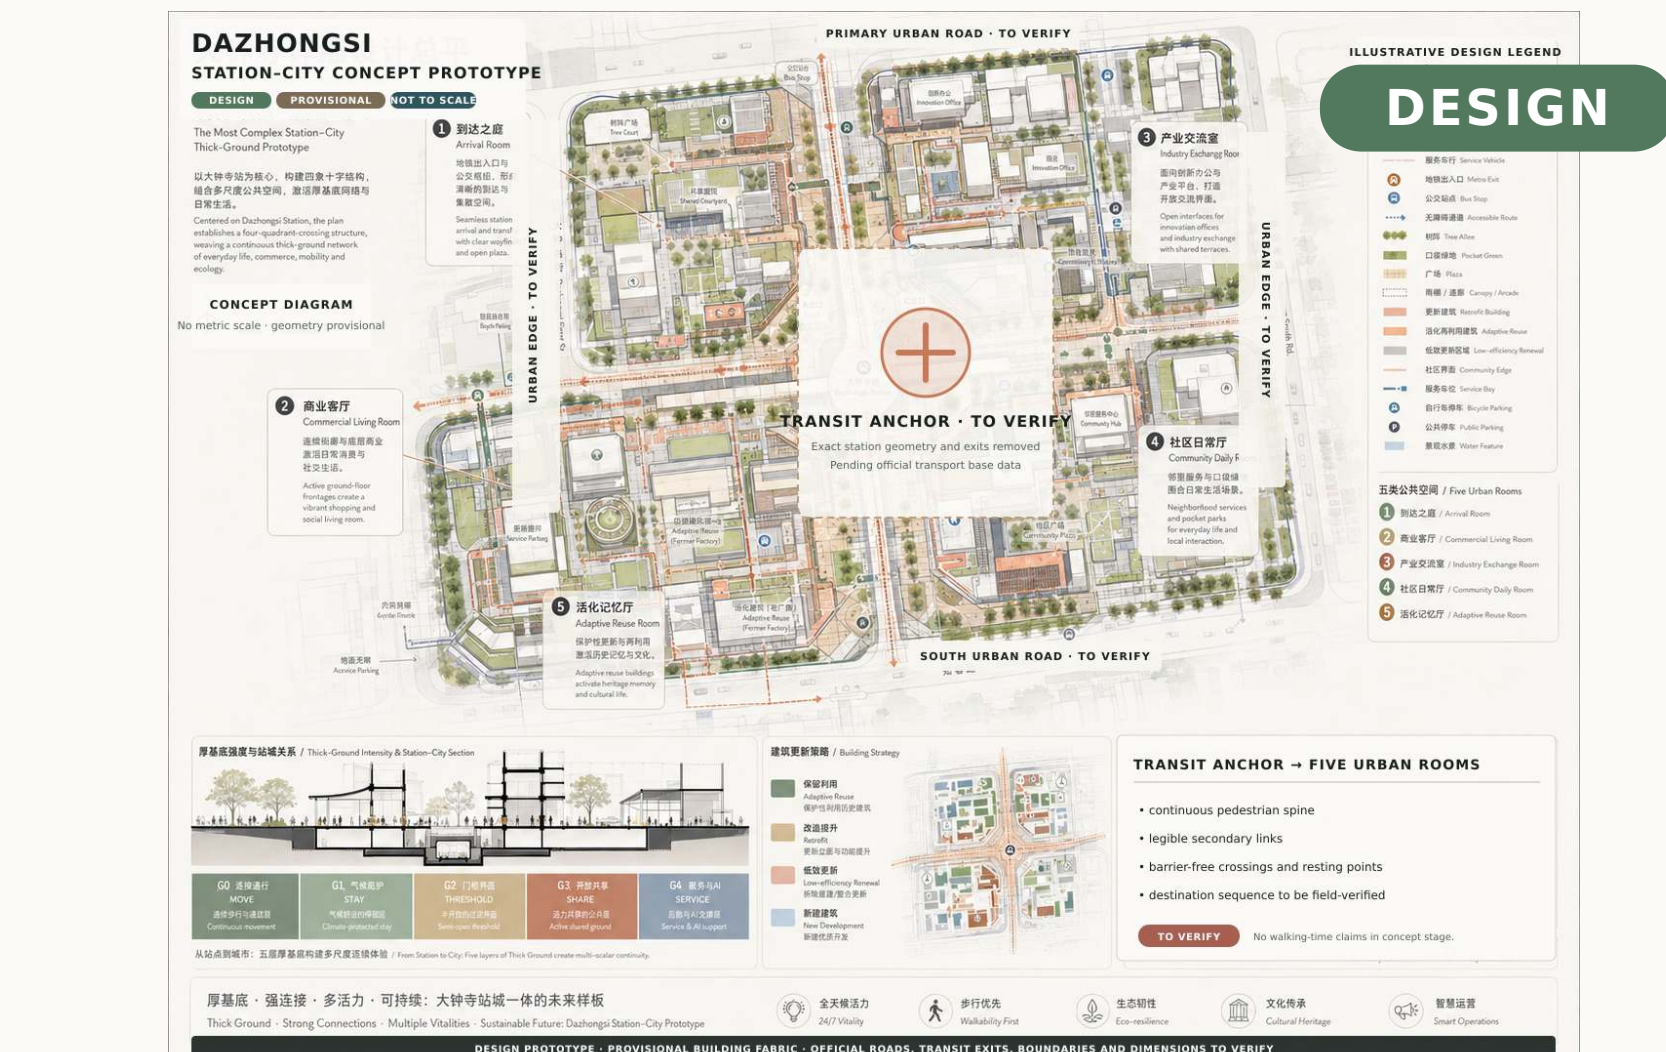

GARDEN - ZHONGZHIYUAN

LEARNING - AI ORIGIN

STATION-CITY - DAZHONGSI

04 OPERATIONS, COMPONENTS AND EVIDENCE-LED RENEWAL

24 HOURS x FOUR SEASONS

24 HOURS x FOUR SEASONS

OPERATIONAL SUMMARY / A0 READING SCALE

Times indicate a design scenario, not an operating commitment.

DAILY RHYTHM

07:00 12:00 18:00 22:00 24:00

MORNING PEAK MIDDAY EVENING NIGHT LATE NIGHT

Move first shade / lunch / learning Threshold + social porch / market / event Quiet public use Service enables clean / deliver / secure

SEASONAL PRINCIPLES

SPRING SUMMER AUTUMN WINTER

OPEN + CONNECT SHADE + DRAIN CULTURE + MARKET SUN + SHELTER

reopen gardens continuous canopy public market + outdoor learnin sun-facing places wind protection + clear paths

THICK-GROUND OPERATING LOGIC

G0 ALWAYS OPEN -> G1/G2 ADAPT -> G3 ACTIVATES -> G4 ENABLES

CONCEPTUAL SCHEDULE / NO OPERATING COMMITMENT / VERIFY WITH USERS, MANAGEMENT AND CLIMATE DATA

13 COMPONENTS + L1/L2/L3

THICK-GROUND COMPONENT KIT

FIVE REPRESENTATIVE COMPONENTS + THREE INTERVENTION LEVELS

REPRESENTATIVE KIT

TG-01 / G0 TG-03 / G1 TG-04 / G2 TG-05 / G3 TG-11 / G4

ACCESSIBLE WALK RAIN GARDEN OPEN PORCH ACTIVE GROUND SERVICE BAY

continuous, clear, legible shade, habitat, water threshold, shelter, pause share, learn, meet, work deliver, maintain, reverse

INTERVENTION INTENSITY

L1 / LIGHT TOUCH L2 / INTERFACE RETROFIT L3 / STRUCTURAL CHANGE

seating + shade wayfinding + paving repair quick, reversible, low-disruption ground floor + porch courtyard + crossing building-public realm coordination station-city + adaptive reuse selective new + utilities conditional, evidence-led, phased

LEVEL DEPENDS ON CONDITION, OWNERSHIP, COST, APPROVAL AND OPERATING CAPACITY

CONCEPT TOOLKIT / SITE FIT AND TECHNICAL PERFORMANCE TO BE VERIFIED

RETROFIT - REUSE - SELECTIVE NEW

RETAIN -> RETROFIT -> REPAIR -> REUSE -> SELECTIVE NEW

EVIDENCE-LED RENEWAL PATH / STRATEGY BEFORE PARCEL DECISIONS

FIVE ACTIONS

01 / RETAIN 02 / RETROFIT 03 / REPAIR 04 / REUSE 05 / SELECTIVE NEW

KEEP WHAT WORKS OPEN THE INTERFACE FIX PUBLIC SPACE ADAPT, DON'T ERASE FILL VERIFIED GAPS

maintain sound buildings and useful public space upgrade entrance, porch and active frontage walk, shade, crossing and rainwater continuity transform underused buildings for new use new only where structure and evidence require it

PHASED IMPLEMENTATION / NO FIXED DATES

1 QUICK REPAIR 2 INTERFACE UPGRADE 3 CONDITIONAL CHANGE

survey + co-design quick, reversible actions ground-floor retrofit access + public-space repair adaptive reuse selective new insertion

STRATEGY FIRST / INVENTORY MAP REMOVED FROM A0

Parcel decisions require ownership, condition, planning, cost and operating evidence.

CONCEPTUAL RENEWAL PATH / NO DEMOLITION OR DEVELOPMENT COMMITMENT
