

Orientations & functions

- Heritage · urban AI life · AI innovation belt
- R&D / ecosystem / scenarios / vibrancy / governance
- Loop: source→incubate→accelerate→cluster→empower→spread

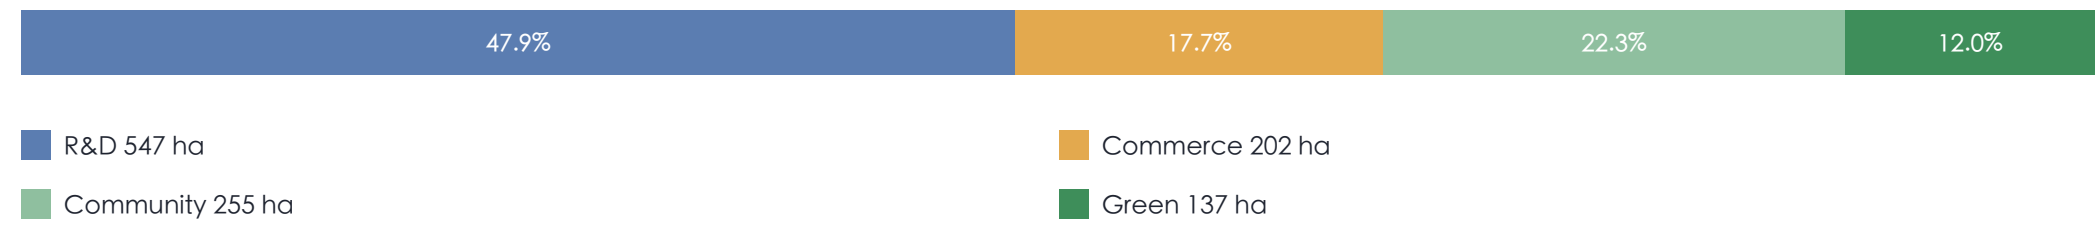

Key areas · ~368.4 ha announced

- Boundaries provisional; interiors at concept depth

Land use (recomputed)

- R&D 547 · commerce 202 · community 255 · green 137 ha
- FAR/height/road area unknown pending official controls

45 blocks fit the boundary seamlessly (EPSC:4548)

Phasing & operations

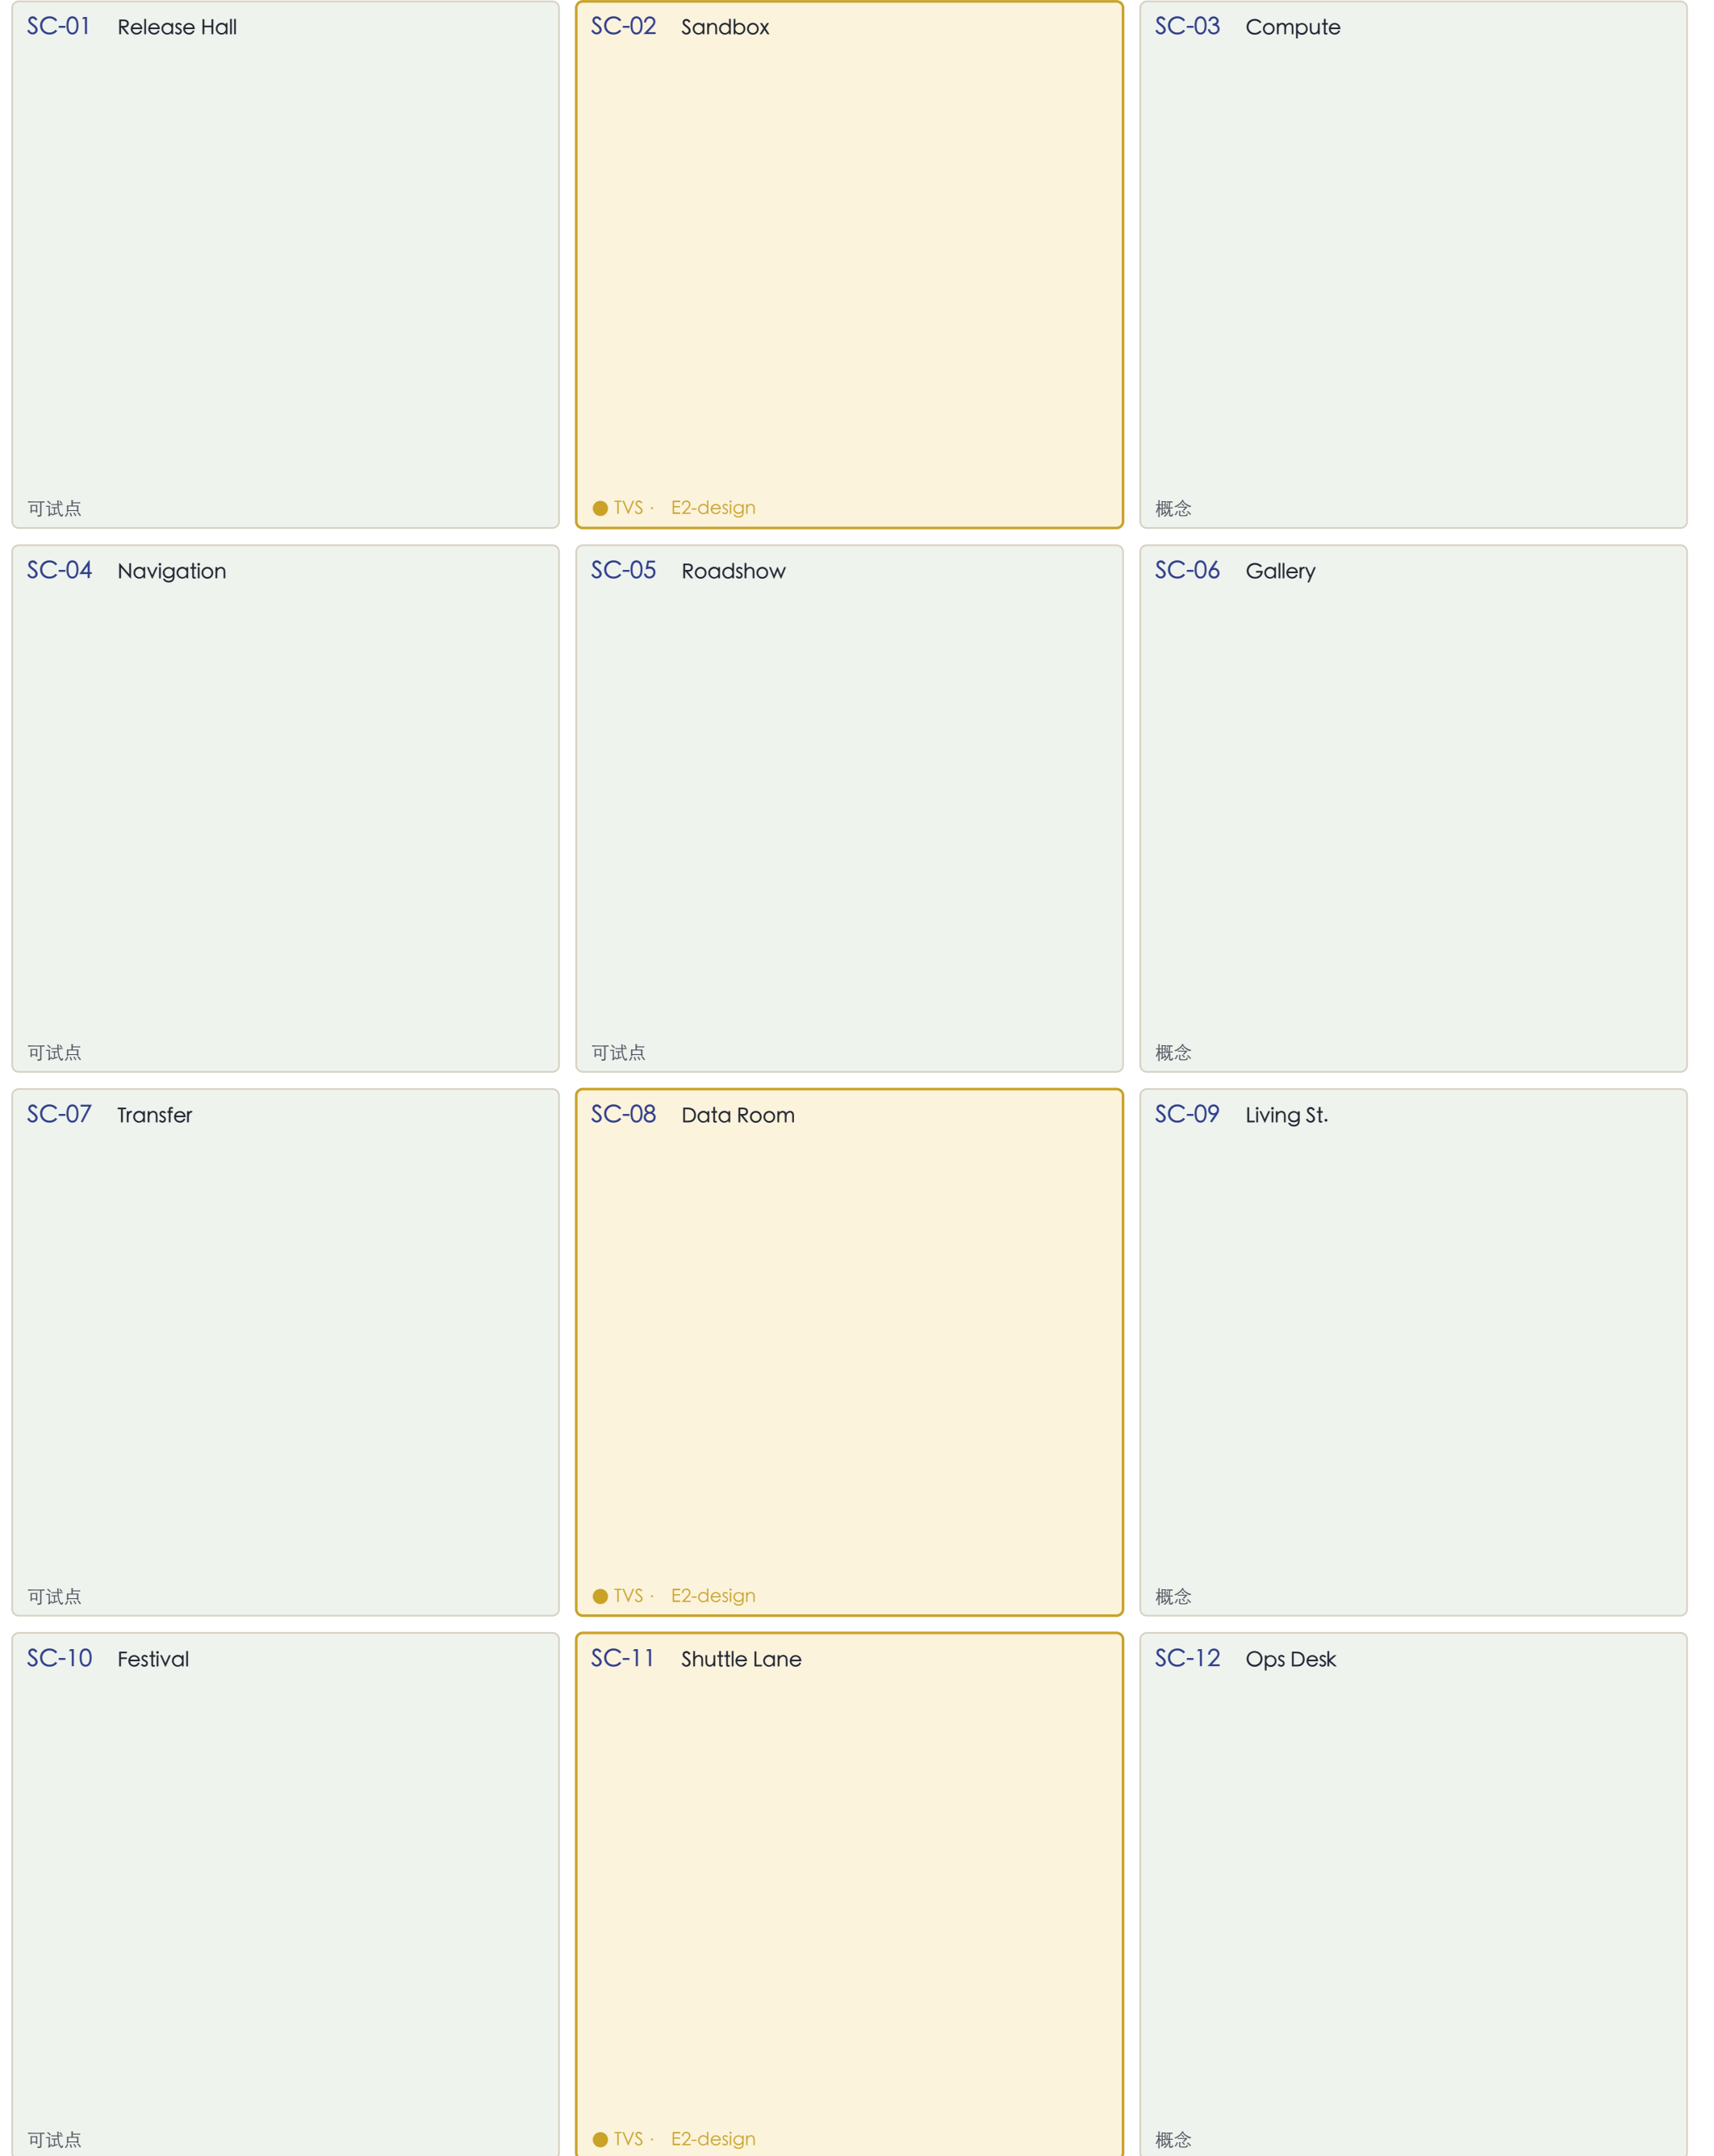

- Phasing and events are proposals, not commitments

12 themes/year · flagship AI Week · dev community & honor wall

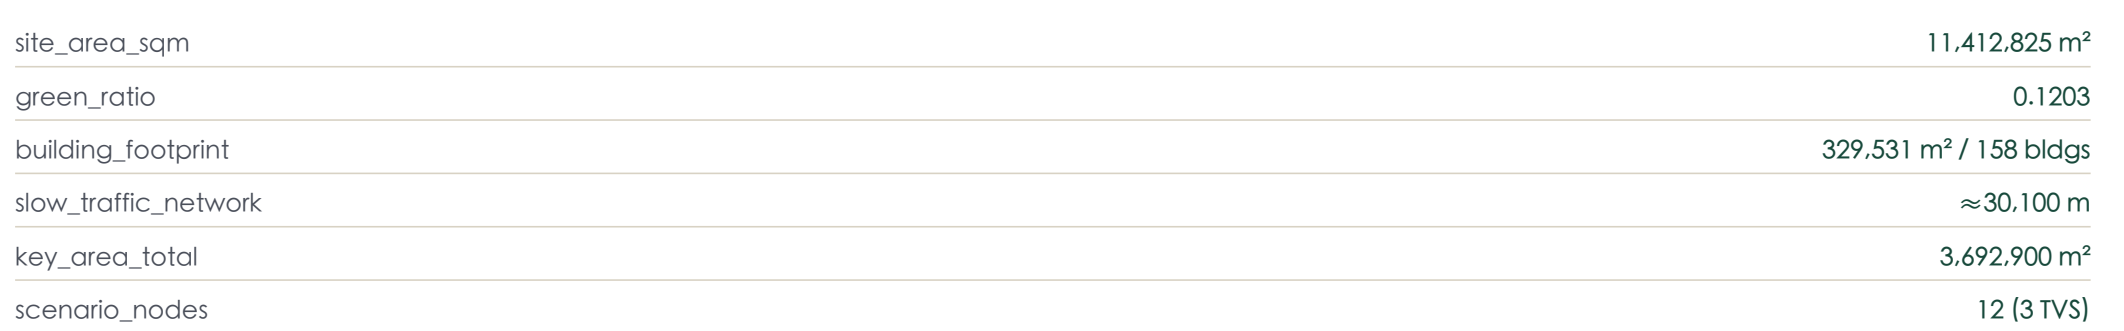

Scenarios & TVS

- 12 cards mapped to space; 3 TVS with blueprints & human equivalence

Metrics & evidence

- Chain: registry → provisional boundary → recomputation → metrics → references

unknowns: FAR · GFA · height · road area/ratio
awaiting official controls; recomputed when data lands
