

ZHILINK CHAIN VALLEY (concept)

Zhongguancun Tech-Service Wing - concept booklet

- ZHILINK CHAIN VALLEY (original concept name)
- Zhongguancun Street as axis, services as chain
- Three nodes: ZhiZhuan Post / JinLian Platform / HuiCai Inn
- Three-layer scope: approx. 43.6 / 11.4 / 368.4 sqkm/ha
- 10 AI+ scenario cards, 3 AI test protocols
- 5 talent personas, 6 annual programs
- 5 global cases, concept-level
- AI governance: only aggregate, human review, no excessive surveillance

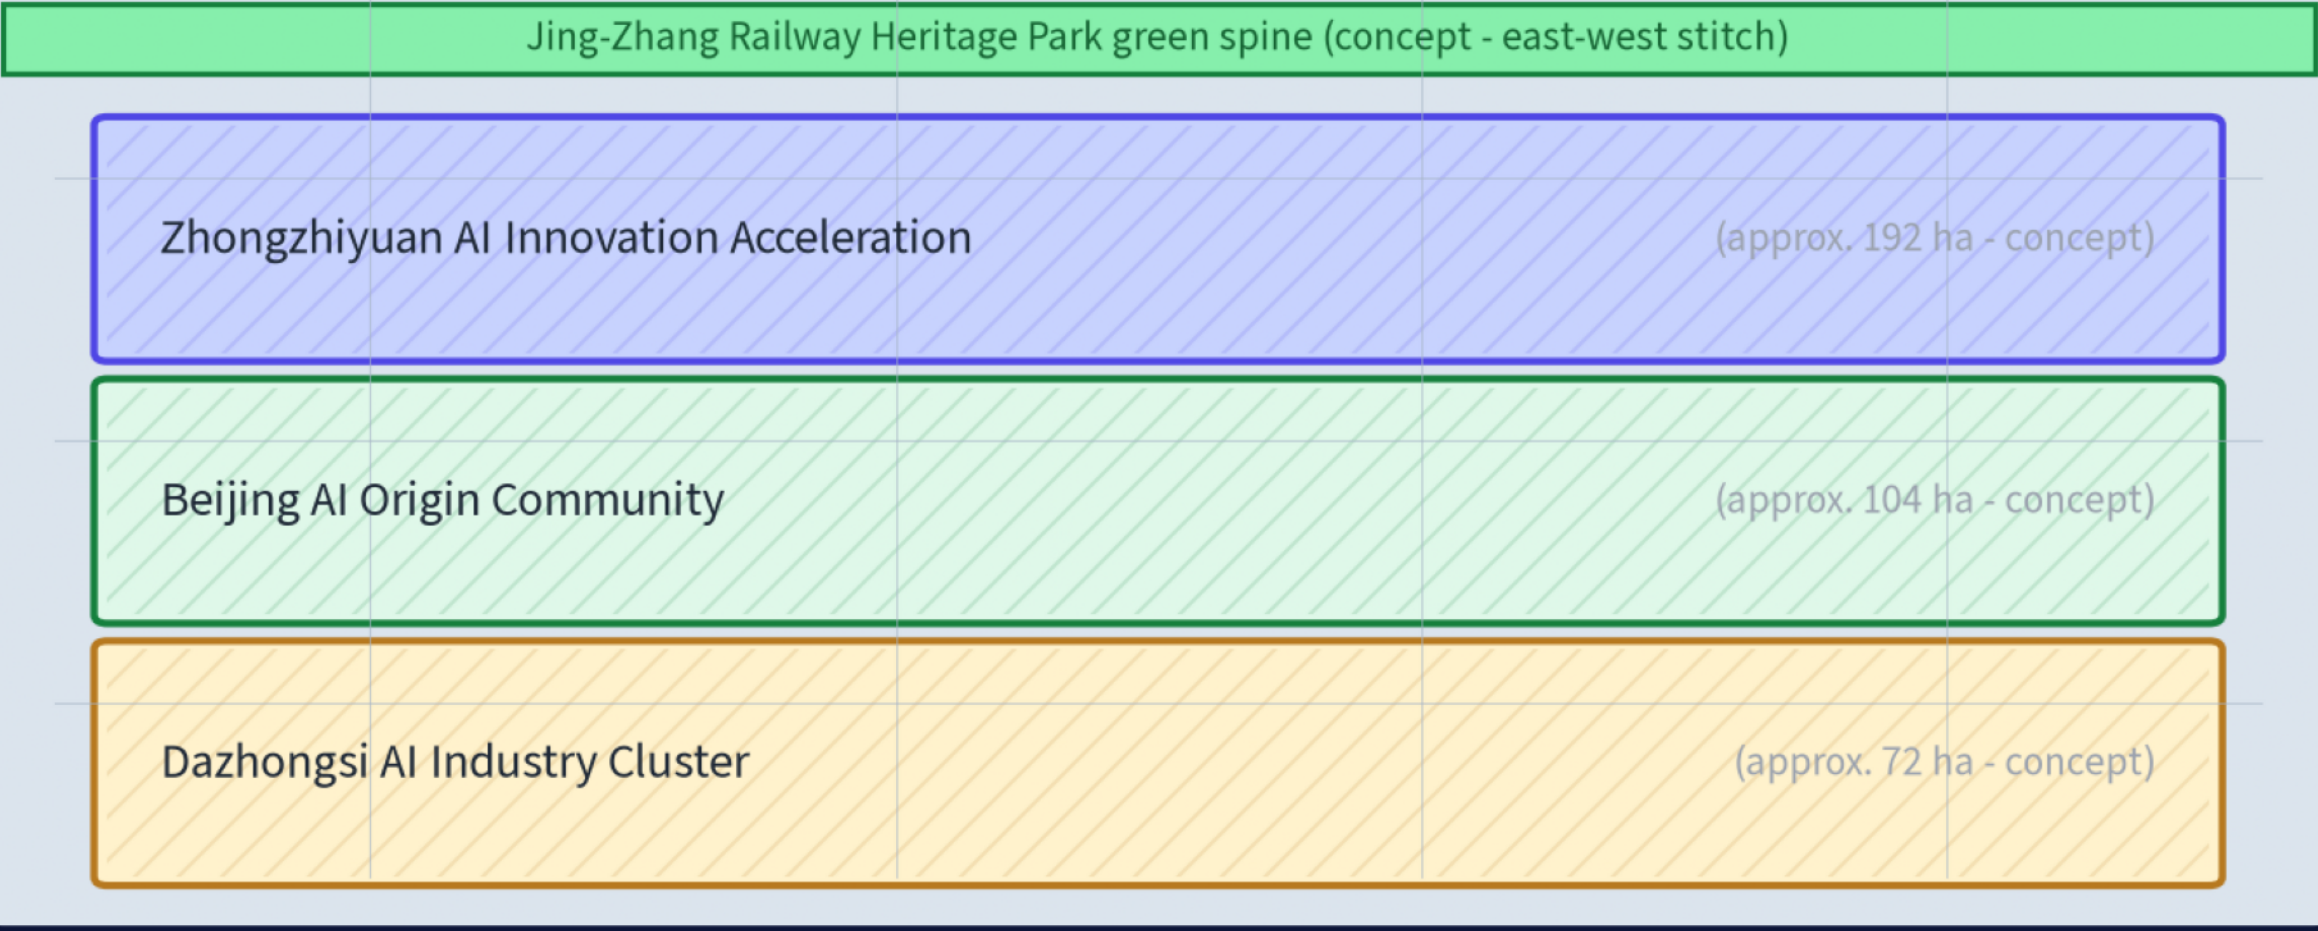

Overall Design Overview: Zhongguancun Tech-Service Wing (concept)

Street as axis, services as chain, three-area two-wing synergy (provisional geometry)

Legend

- Overall scope
- Zhongzhiyuan
- AI Origin community
- Dazhongsi
- Jing-Zhang green spine

Overall Design Scope (approx. 11.4 sqkm, official text)

PROVISIONAL boundary - not an official redline - recompute after official data

Concept sketch - non-official site - provisional geometry

PROVISIONAL boundary - not an official redline - recompute after official data

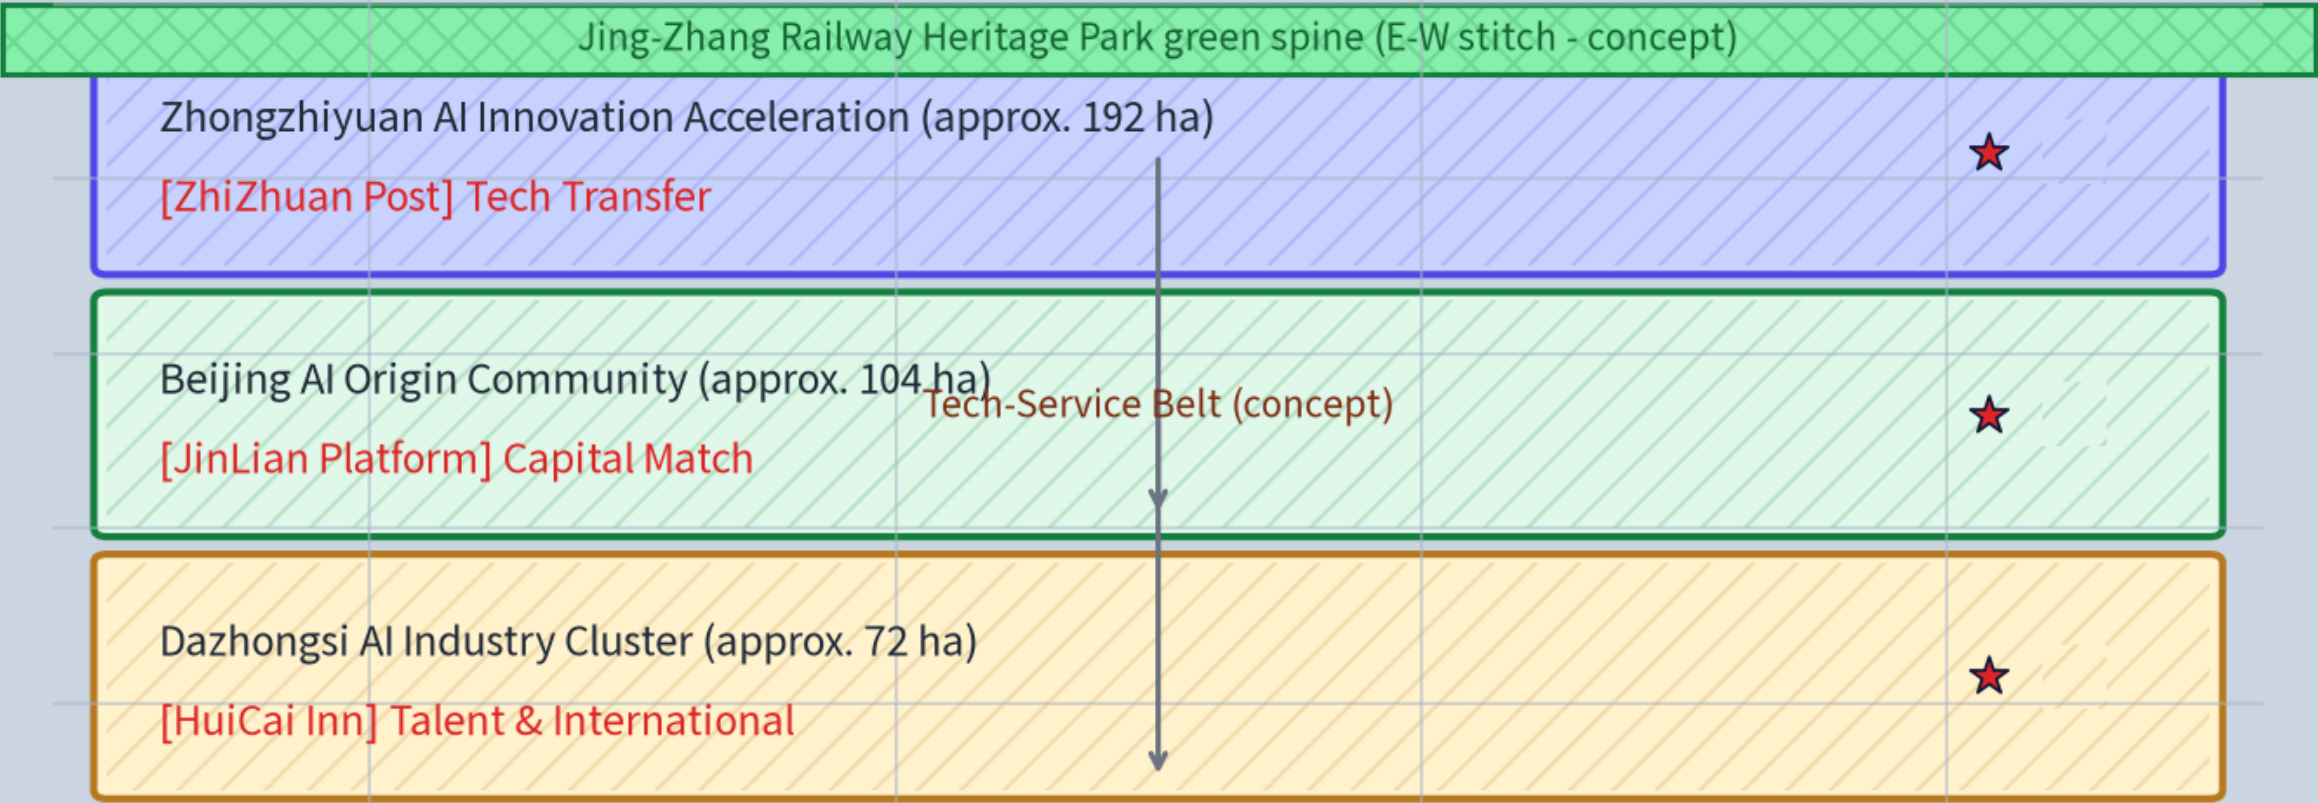

ZHILINK CHAIN VALLEY (concept)

Key Areas & Three Concept Nodes (concept)

Embedded markers - not official siting

Legend

- Zhongzhiyuan
- AI Origin
- Dazhongsi
- Jing-Zhang green spine
- Three Nodes

PROVISIONAL boundary - not an official redline - recompute after official data

approx. 1 km

Concept sketch - non-official siting - provisional geometry

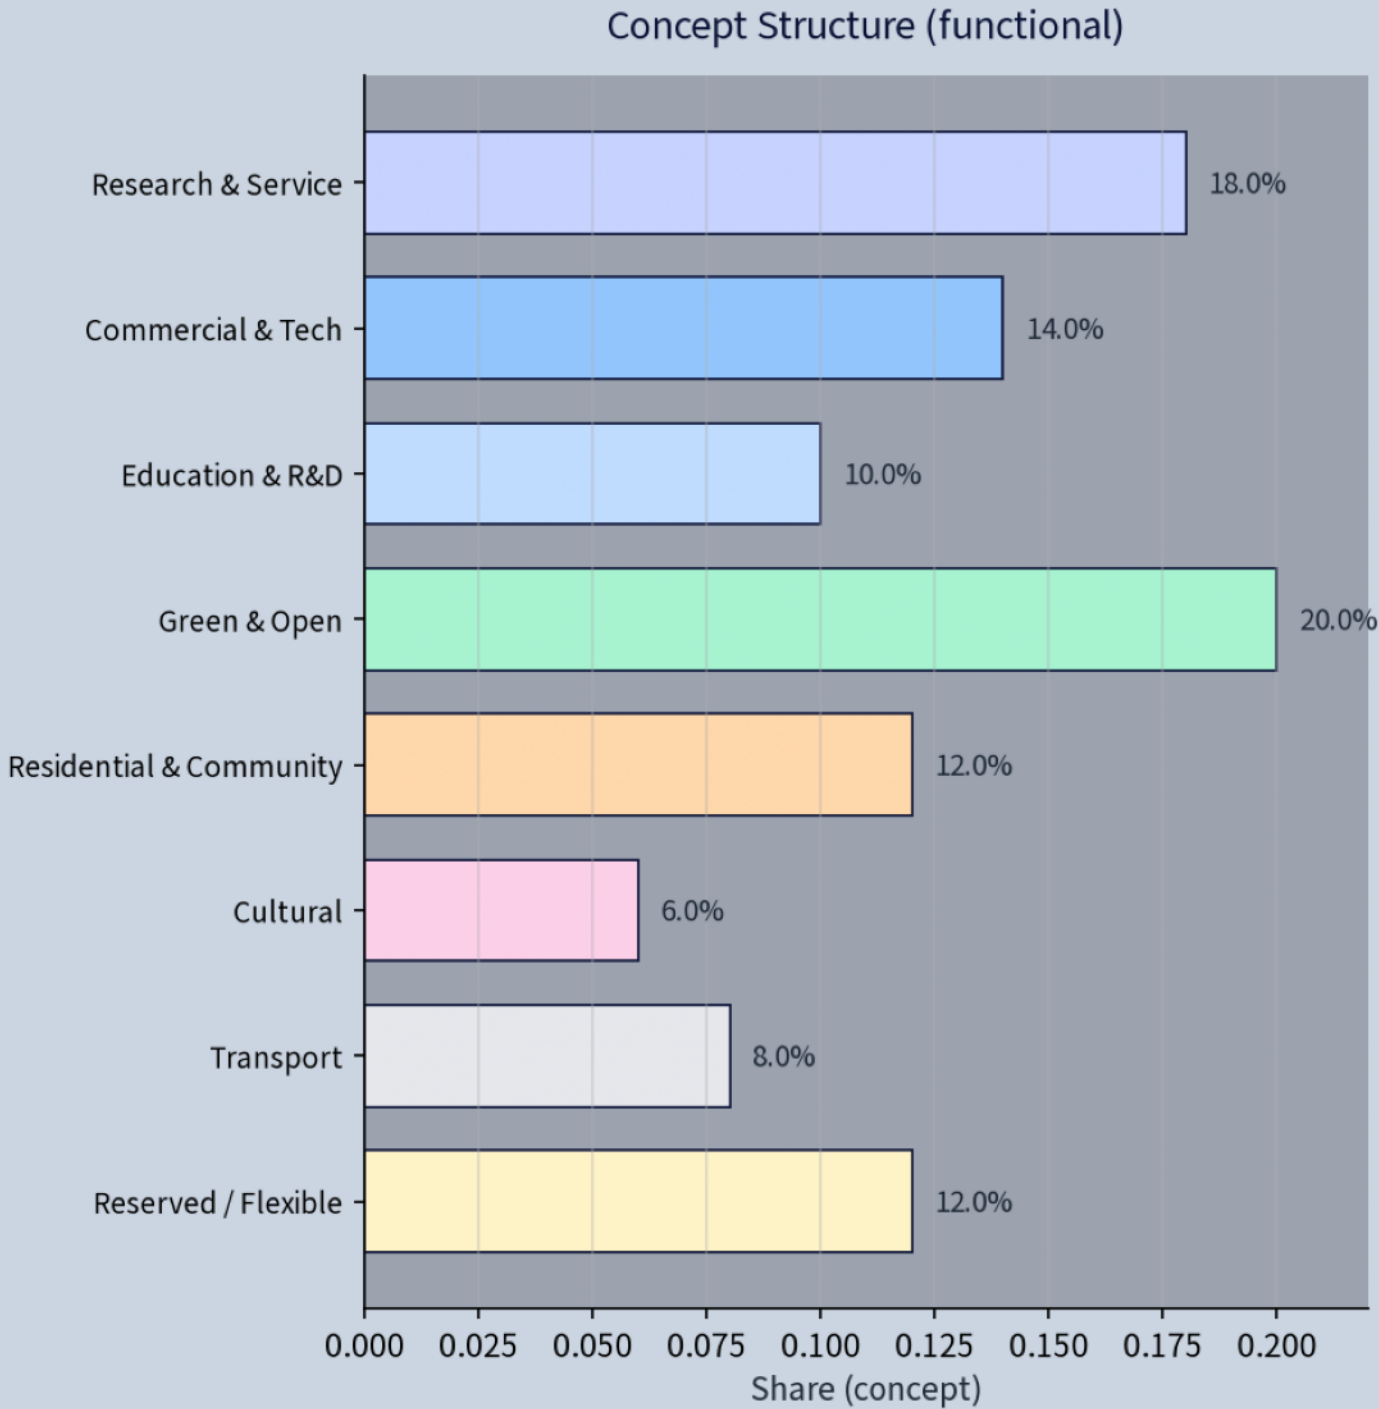

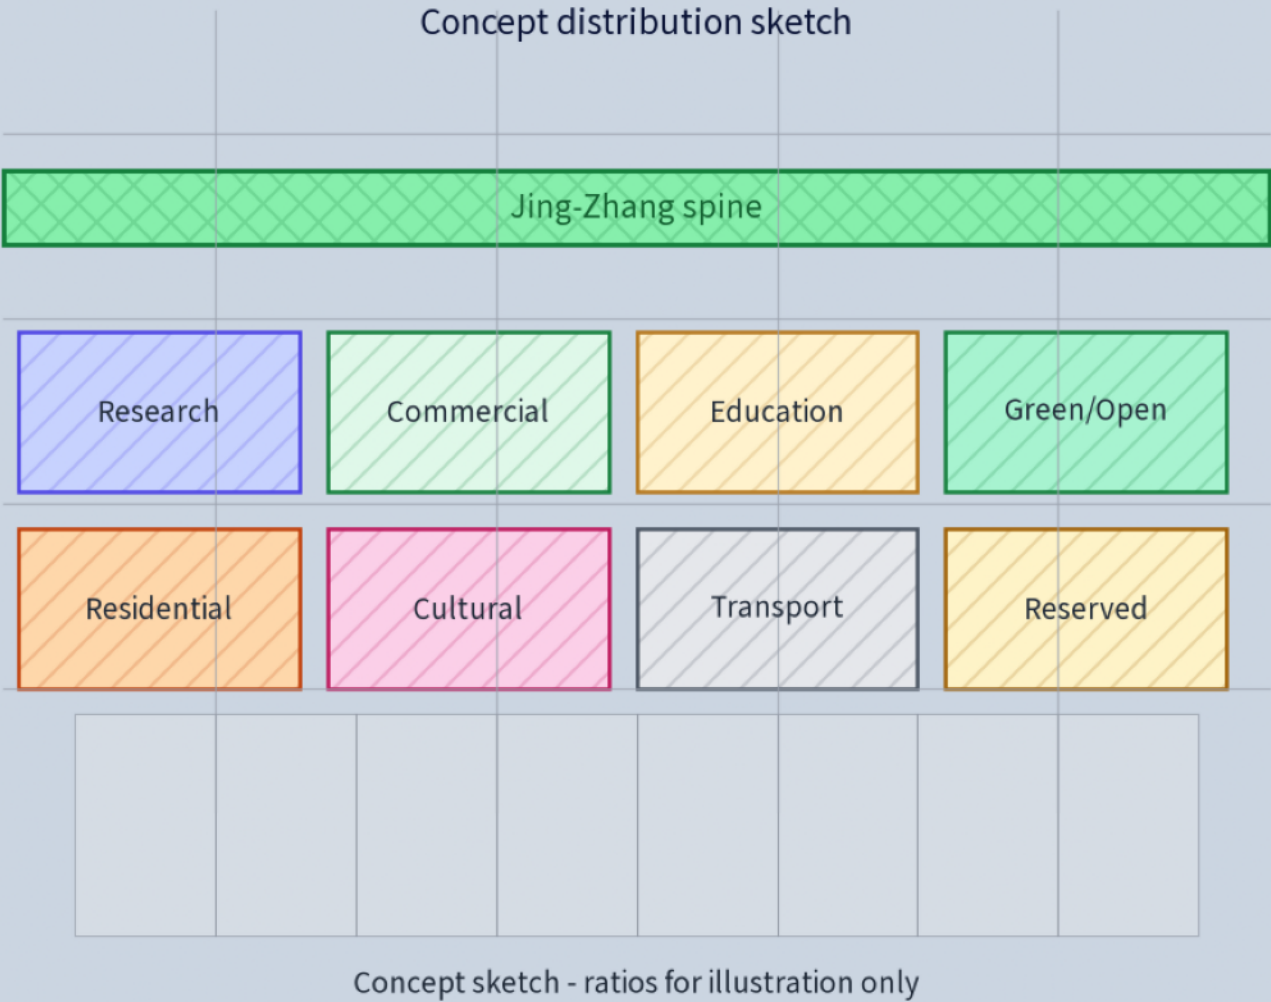

N ↑

PROVISIONAL boundary - not an official redline - recompute after official data

Land-Use Structure (concept) - Zhongguancun Tech-Service Wing

Aggregate concept only - ratio for illustration - recompute after official data

PROVISIONAL boundary - not an official redline - recompute after official data

PROVISIONAL boundary - not an official redline - recompute after official data

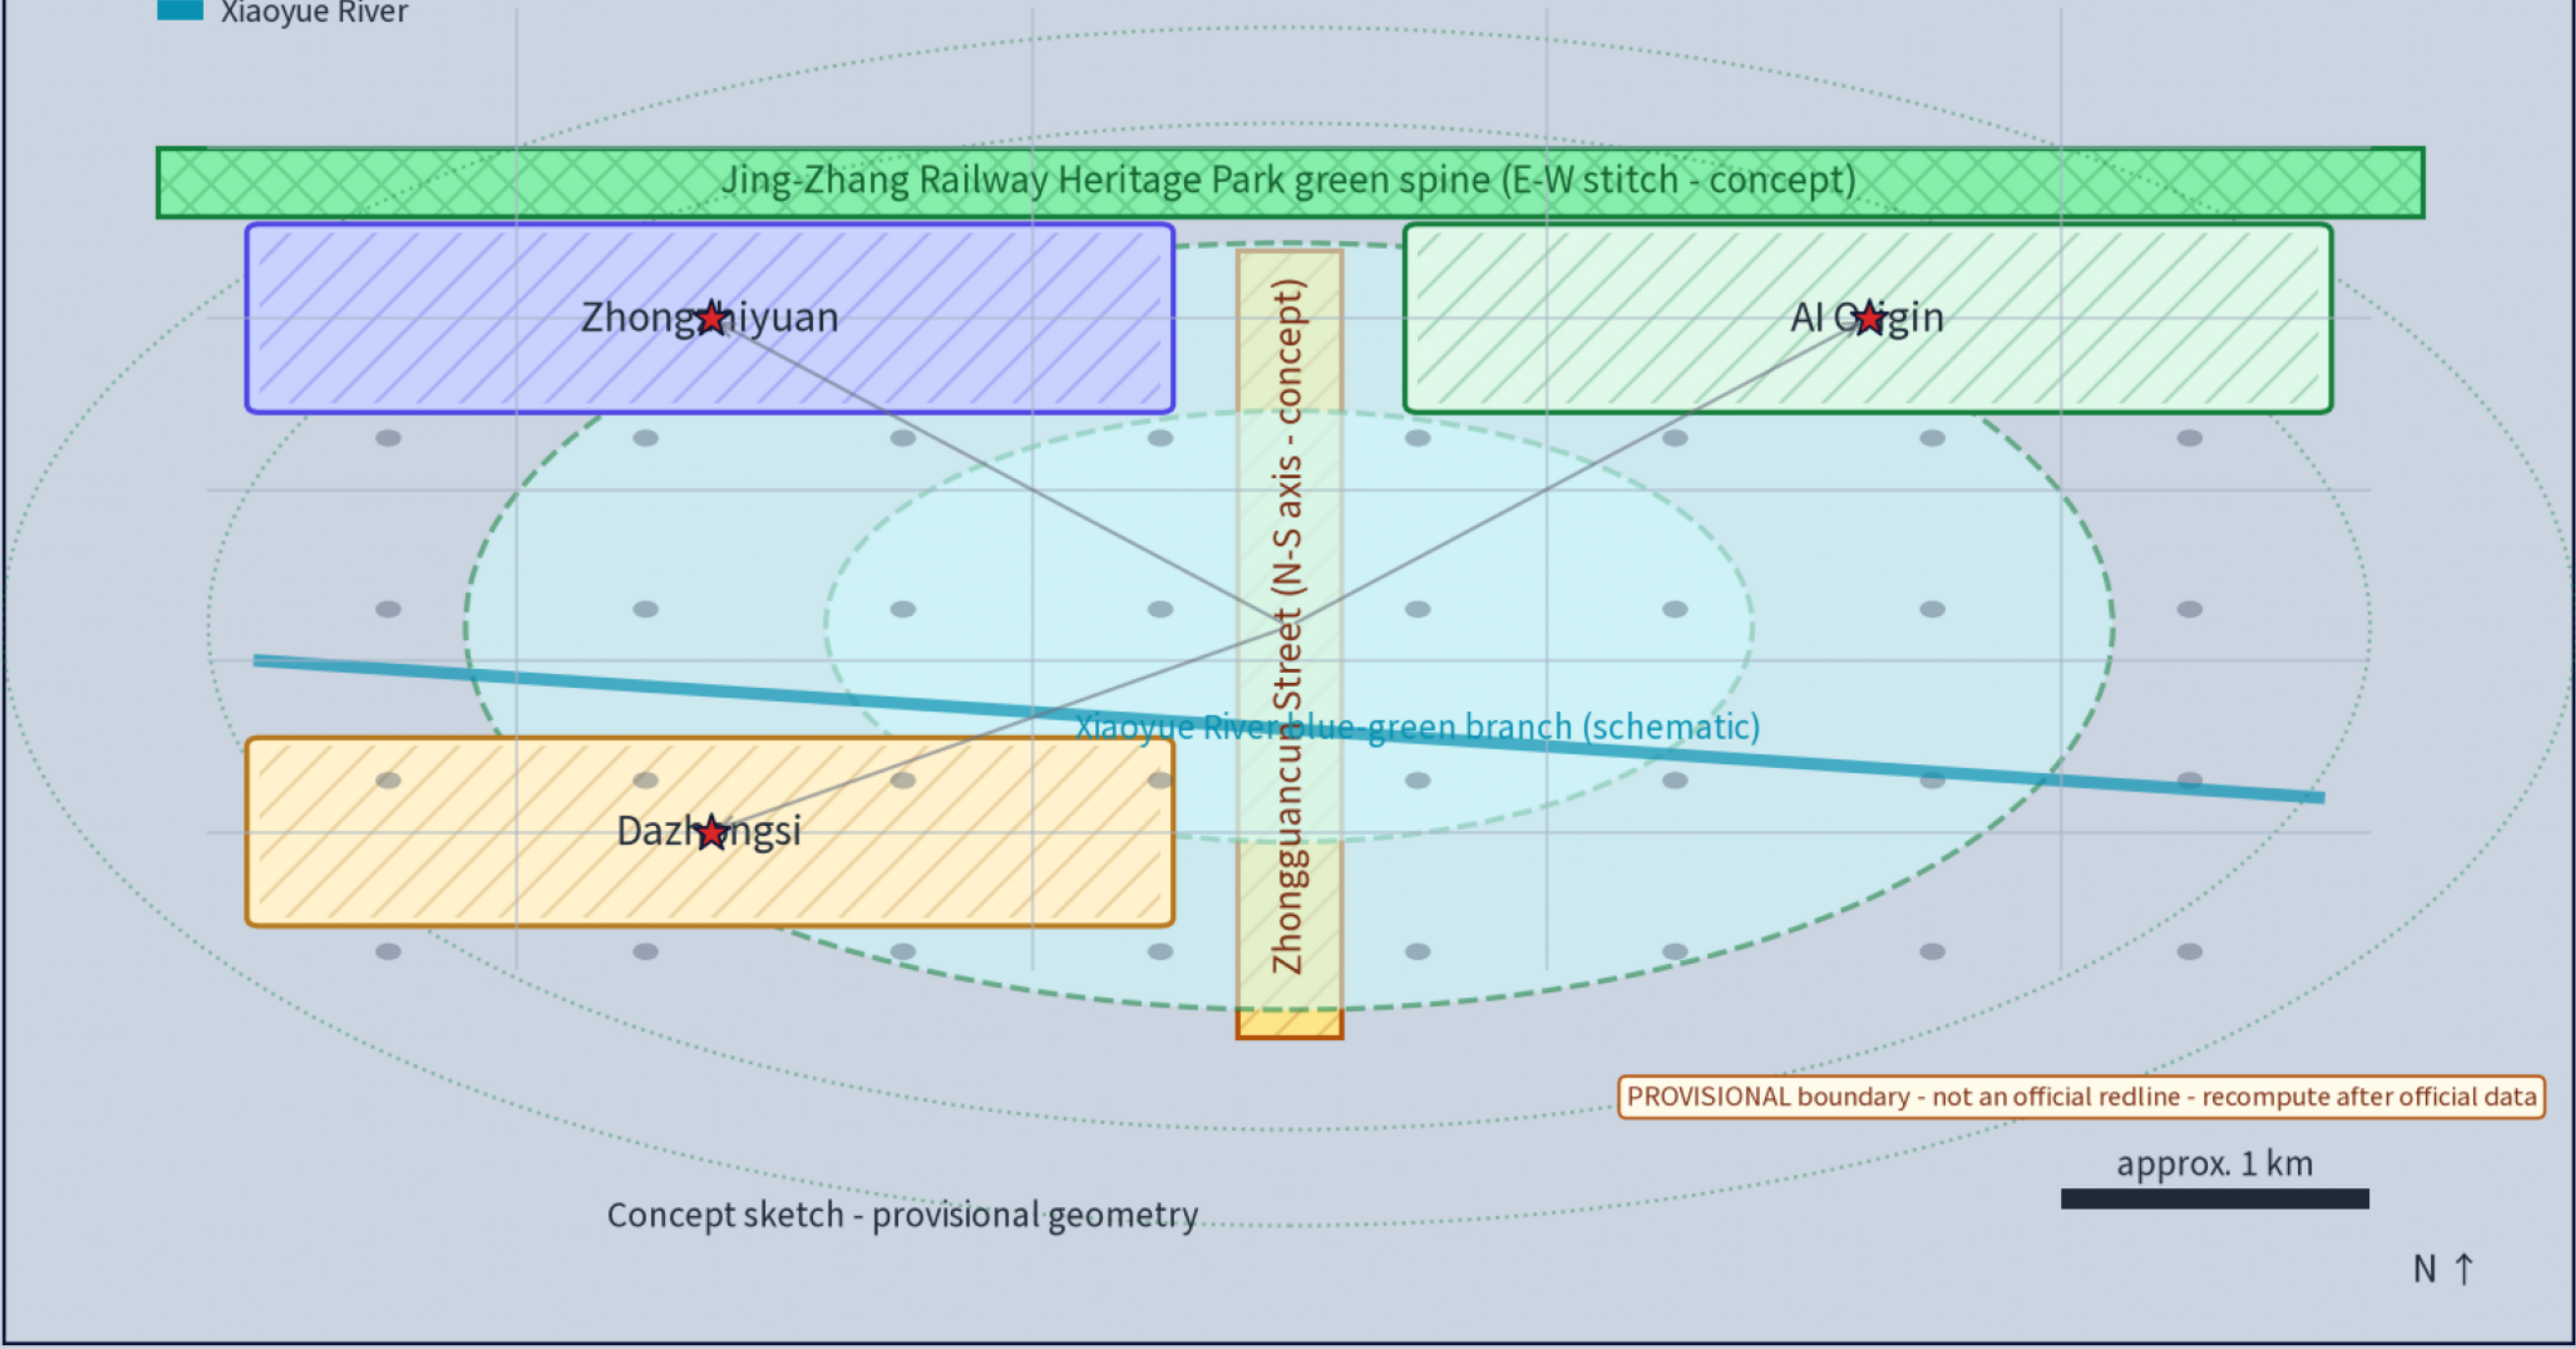

ZHILINK CHAIN VALLEY (concept)

Mobility, Slow-Mobility & Blue-Green Space (concept)

Bus spine + pedestrian-first street section + blue-green network (concept)

Legend

- Green spine
- Street axis
- 10-min walkable
- Xiaoyue River

ZHILINK CHAIN VALLEY (concept)
