

A3 • 文化锚点与重点区域 / Anchor and key areas

provisional concept review: no statutory, construction, investment, partnership or performance conclusion

Overall structure: Qinghuayuan Station cultural anchor

coordinated research → overall design → key areas; Three Districts–Two Wings and three nodes are concepts

PROVISIONAL
not an official redline

coordinated research

3 positions • 5 functions • 6 domains • external queue

overall design

memory axis • two public interfaces • 3 districts + 2 wings

key areas

L1 / L2 / L3 • 3 landmarks • 12 cards • T1–T3

All boundaries, nodes and metrics are provisional; replace/recompute the package after official data arrives

Concept review edition • for discussion, review and revision onlyv2.1-review-5061474033 • 2026-08-31

Key areas: three reversible nodes

L1/L2/L3 • 3 concept landmarks • no construction or heritage-status conclusion

PROVISIONAL
not an official redline

L1

Waiting-Room Memory Pod

source-led guide / reading / community roomperformance / market / developer demo

content reviewers + human guide

removable • human fallback • withdrawable

L2

Platform Echo Plaza

slow mobility / low-stimulus guide / blue-green pause

event operator + community + evaluator

removable • human fallback • withdrawable

L3

Rail-Shadow Green Gallery

slow mobility / low-stimulus guide / blue-green pause

maintenance + accessibility adviser

removable • human fallback • withdrawable

memory → public experience → innovation test → review/exit

Boundary: names and locations are original working concepts; provisional geometry requires heritage, ownership, structural, fire, planning and site review.

Concept review edition • for discussion, review and revision onlyv2.1-review-5061474033 • 2026-08-31

A3 • 功能结构 / Function structure

provisional concept review: no statutory, construction, investment, partnership or performance conclusion

A3 • 指标与退出 / Metrics and exit

provisional concept review: no statutory, construction, investment, partnership or performance conclusion

site_area_sqm
