Validation & evidence chain

· Announcement tasks	17/17 PASS
· Agent tasks	6/6 PASS
· Mandatory standards	5/5 PASS
· Design-depth items	15/15 PASS
· Provisional tagging	all layers
· Statutory conditions	unknown → pending

Boundary note: all boundaries and derived metrics are provisional (inferred from announcement text), not official; concept_tar = unknown; all indicators recalculated once official geometry and regulatory conditions are released. Open on creation proposal; not a substitute for formal planning. All embedded figures are the English versions; the full bilingual set is in sheets/figures.
