

ZERO JZ - Zero-Waste Smart Loop

(A3 concept booklet cover)

ZERO JZ: Zero-Waste Loop - Zero-Waste City Practice Belt & Resource Circularity System (Concept)

Centennial Jingzhang AI Innovation Belt - low-
carbon green innovation environment dimension -
concept

Official scope hierarchy: coordinated research ~43.6 km² / overall
design ~11.4 km² / key areas ~368.4 ha (announcement text)
Package concept sub-scope: overall-design-area level; site_boundary
provisional polygon (participant provisional model data)

3 formal core metrics - 12 AI+ scenario cards - 3 industry test scenarios - 6
personas - 4 annual programs

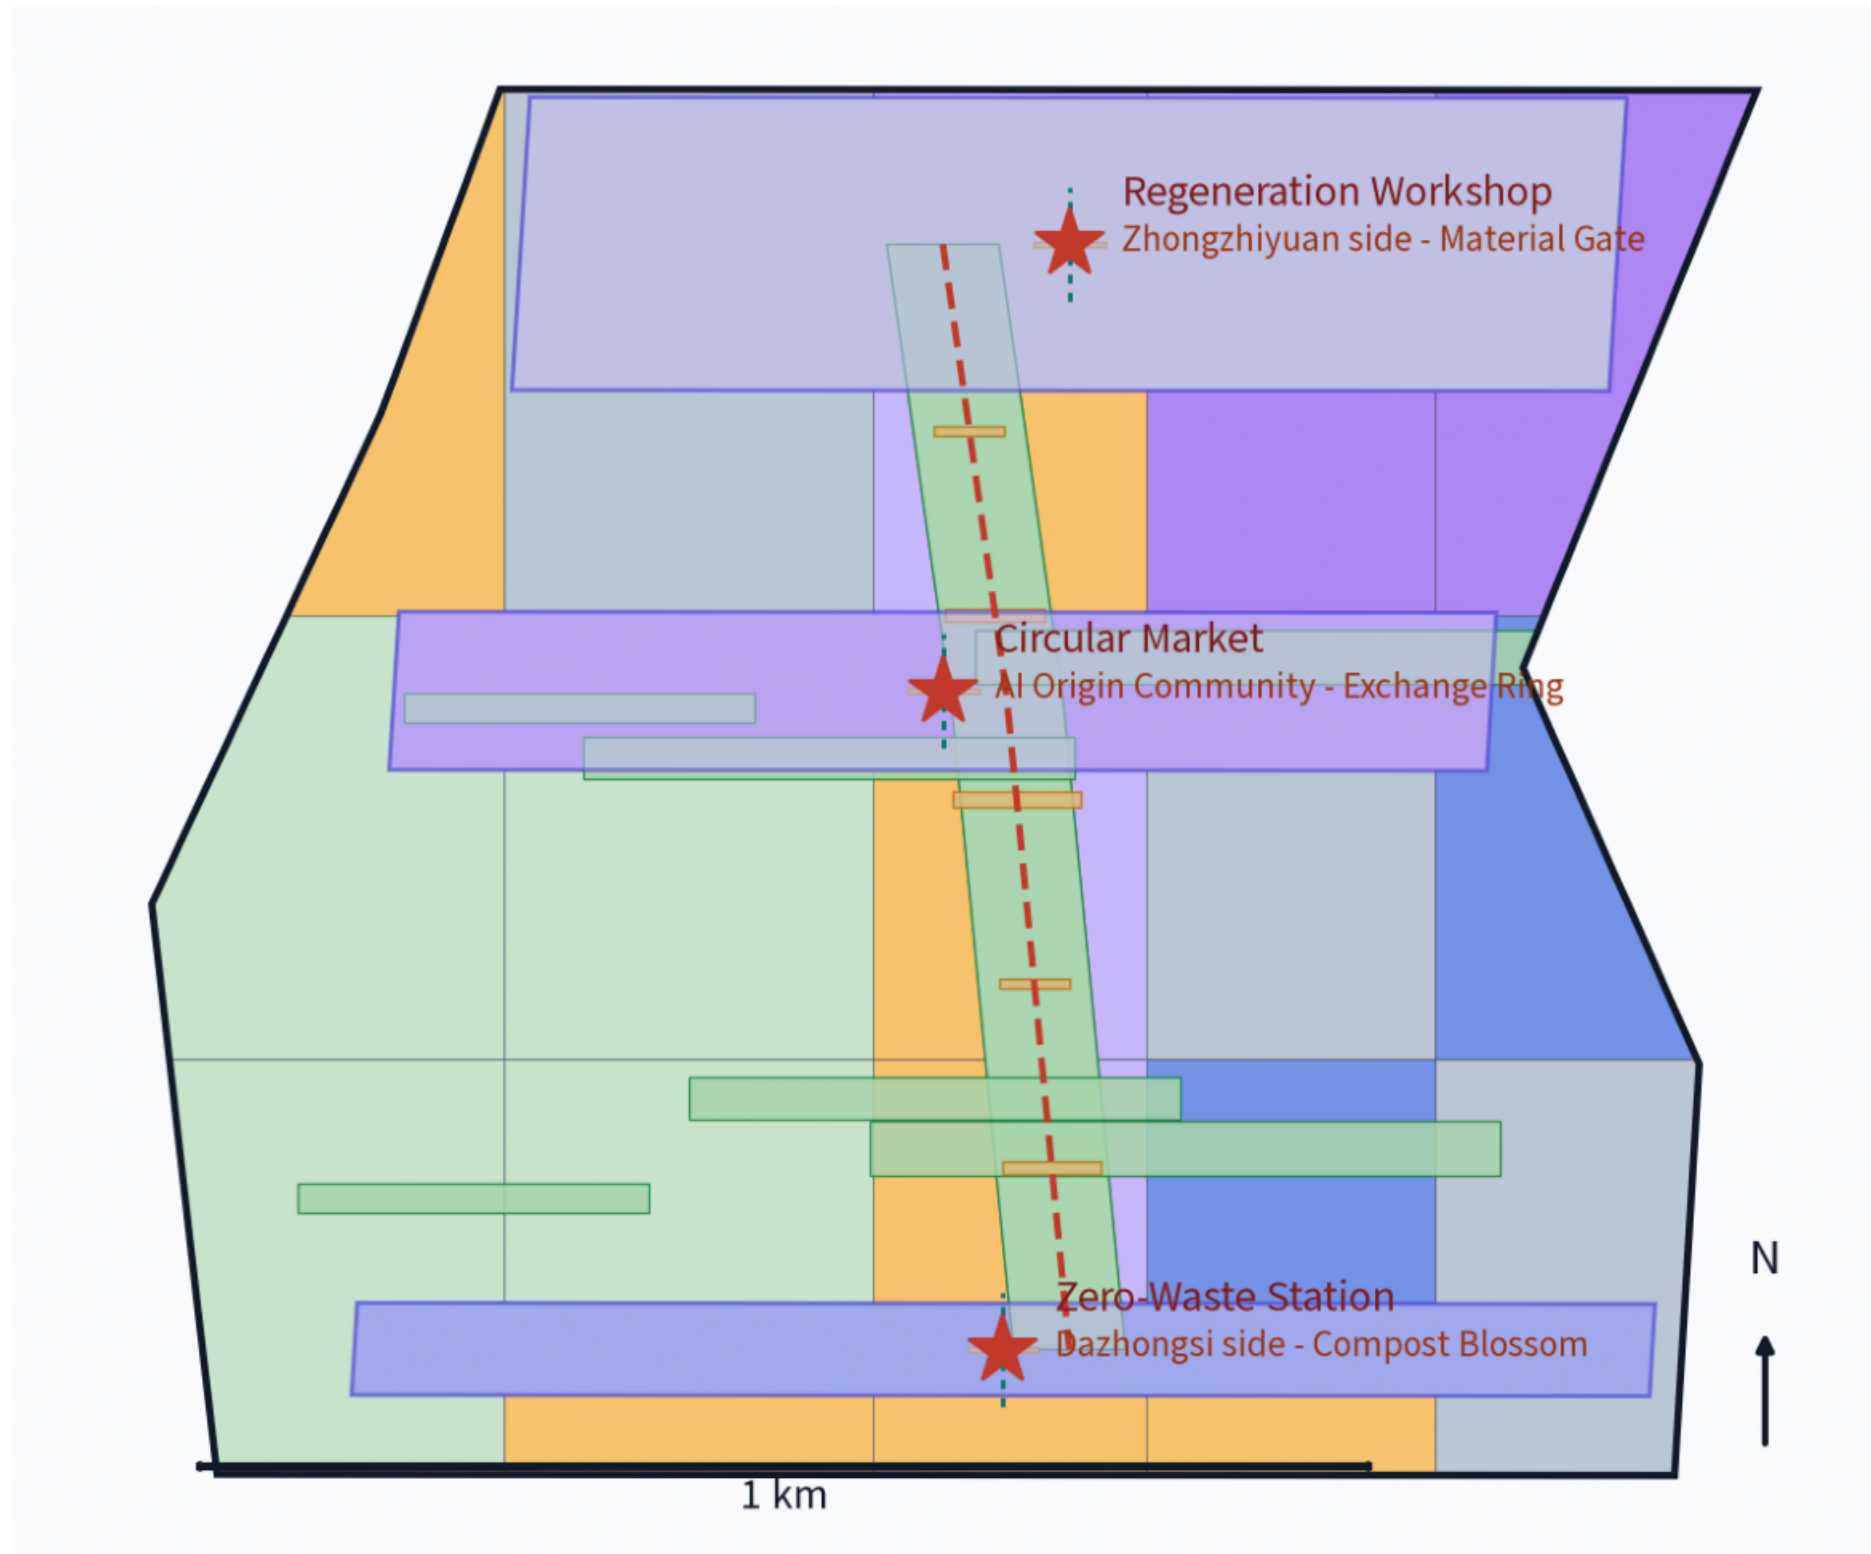

Concept only - provisional boundary - recalculate after official data

Provisional concept boundary - Not an official redline - Recalculate after official data

Overall Design Overview (provisional geometry • concept)

Provisional concept boundary • Not an official redline • Recalculate after official data

Overall design area ~11.4 km² (announcement) - one corridor, two belts, three nodes (concept)

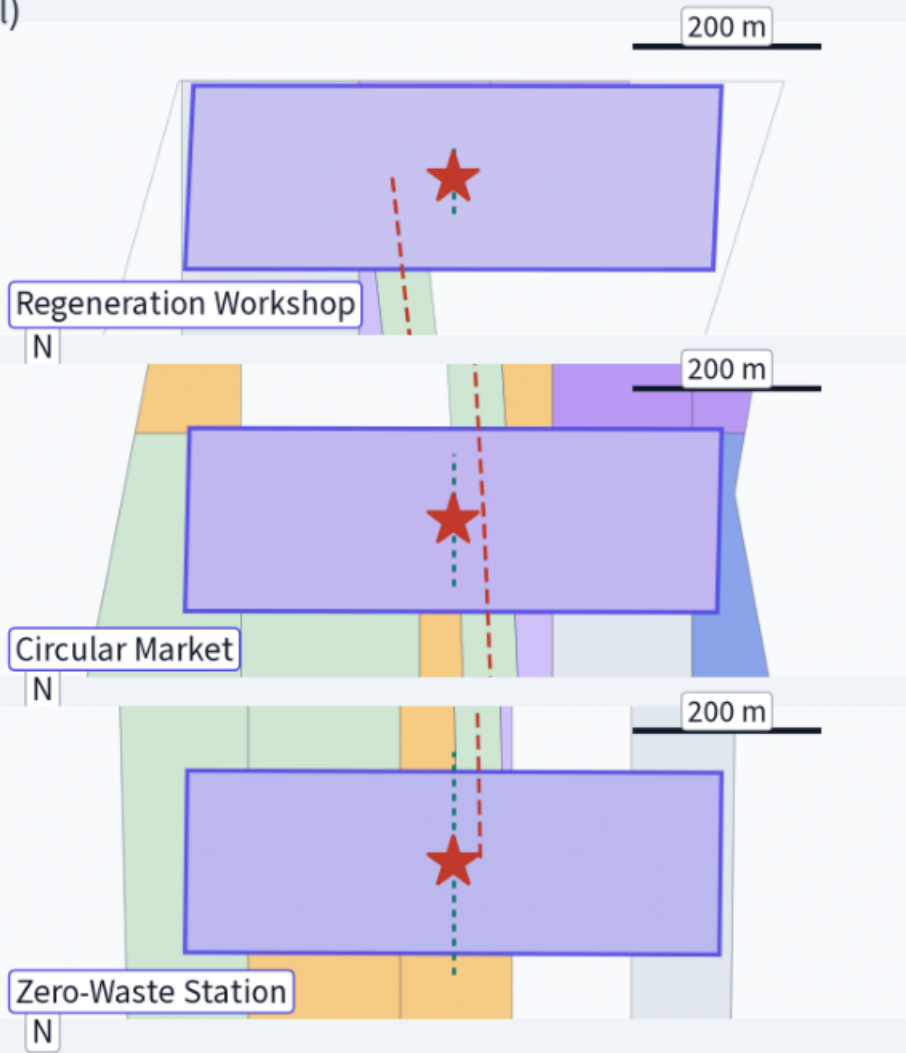

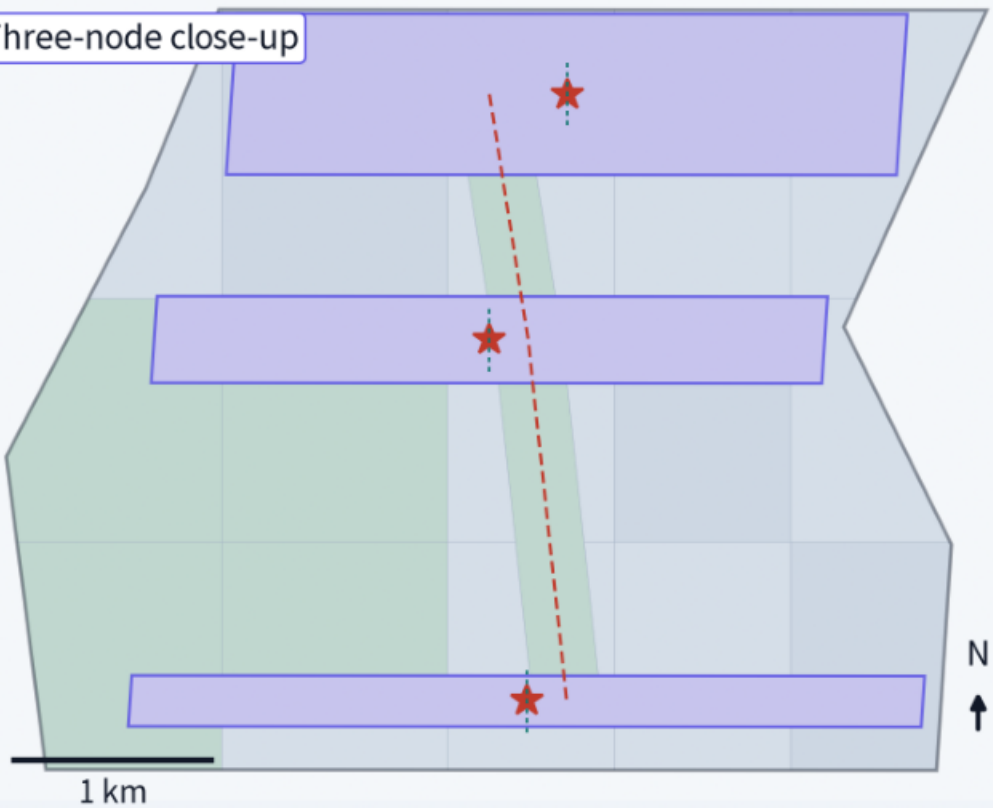

Three Key Areas - Concept Locations and Design Tasks

One belt, three nodes - long-term operation loop (concept, provisional)

Provisional concept boundary • Not an official redline • Recalculate after official data

Three-node close-up

Legend

- Overall design scope (provisional)
- Key areas (provisional)
- Slow-traffic spine (walk & cycle)
- JZ heritage strip - experience corridor
- AI landmark (concept)

Three nodes along the JZ heritage strip (N-S axis); closed concept envelopes only, not statutory controls.

Regeneration Workshop

Park-level resource-circularity node

- Dismantle-Sort-Regenerate
- Sample wall + prototyping
- Low-glare lighting

Circular Market

Community exchange, repair, second-life reuse

- Reversible + time-shared
- Repair corner + storage
- Item-story tags

Zero-Waste Station

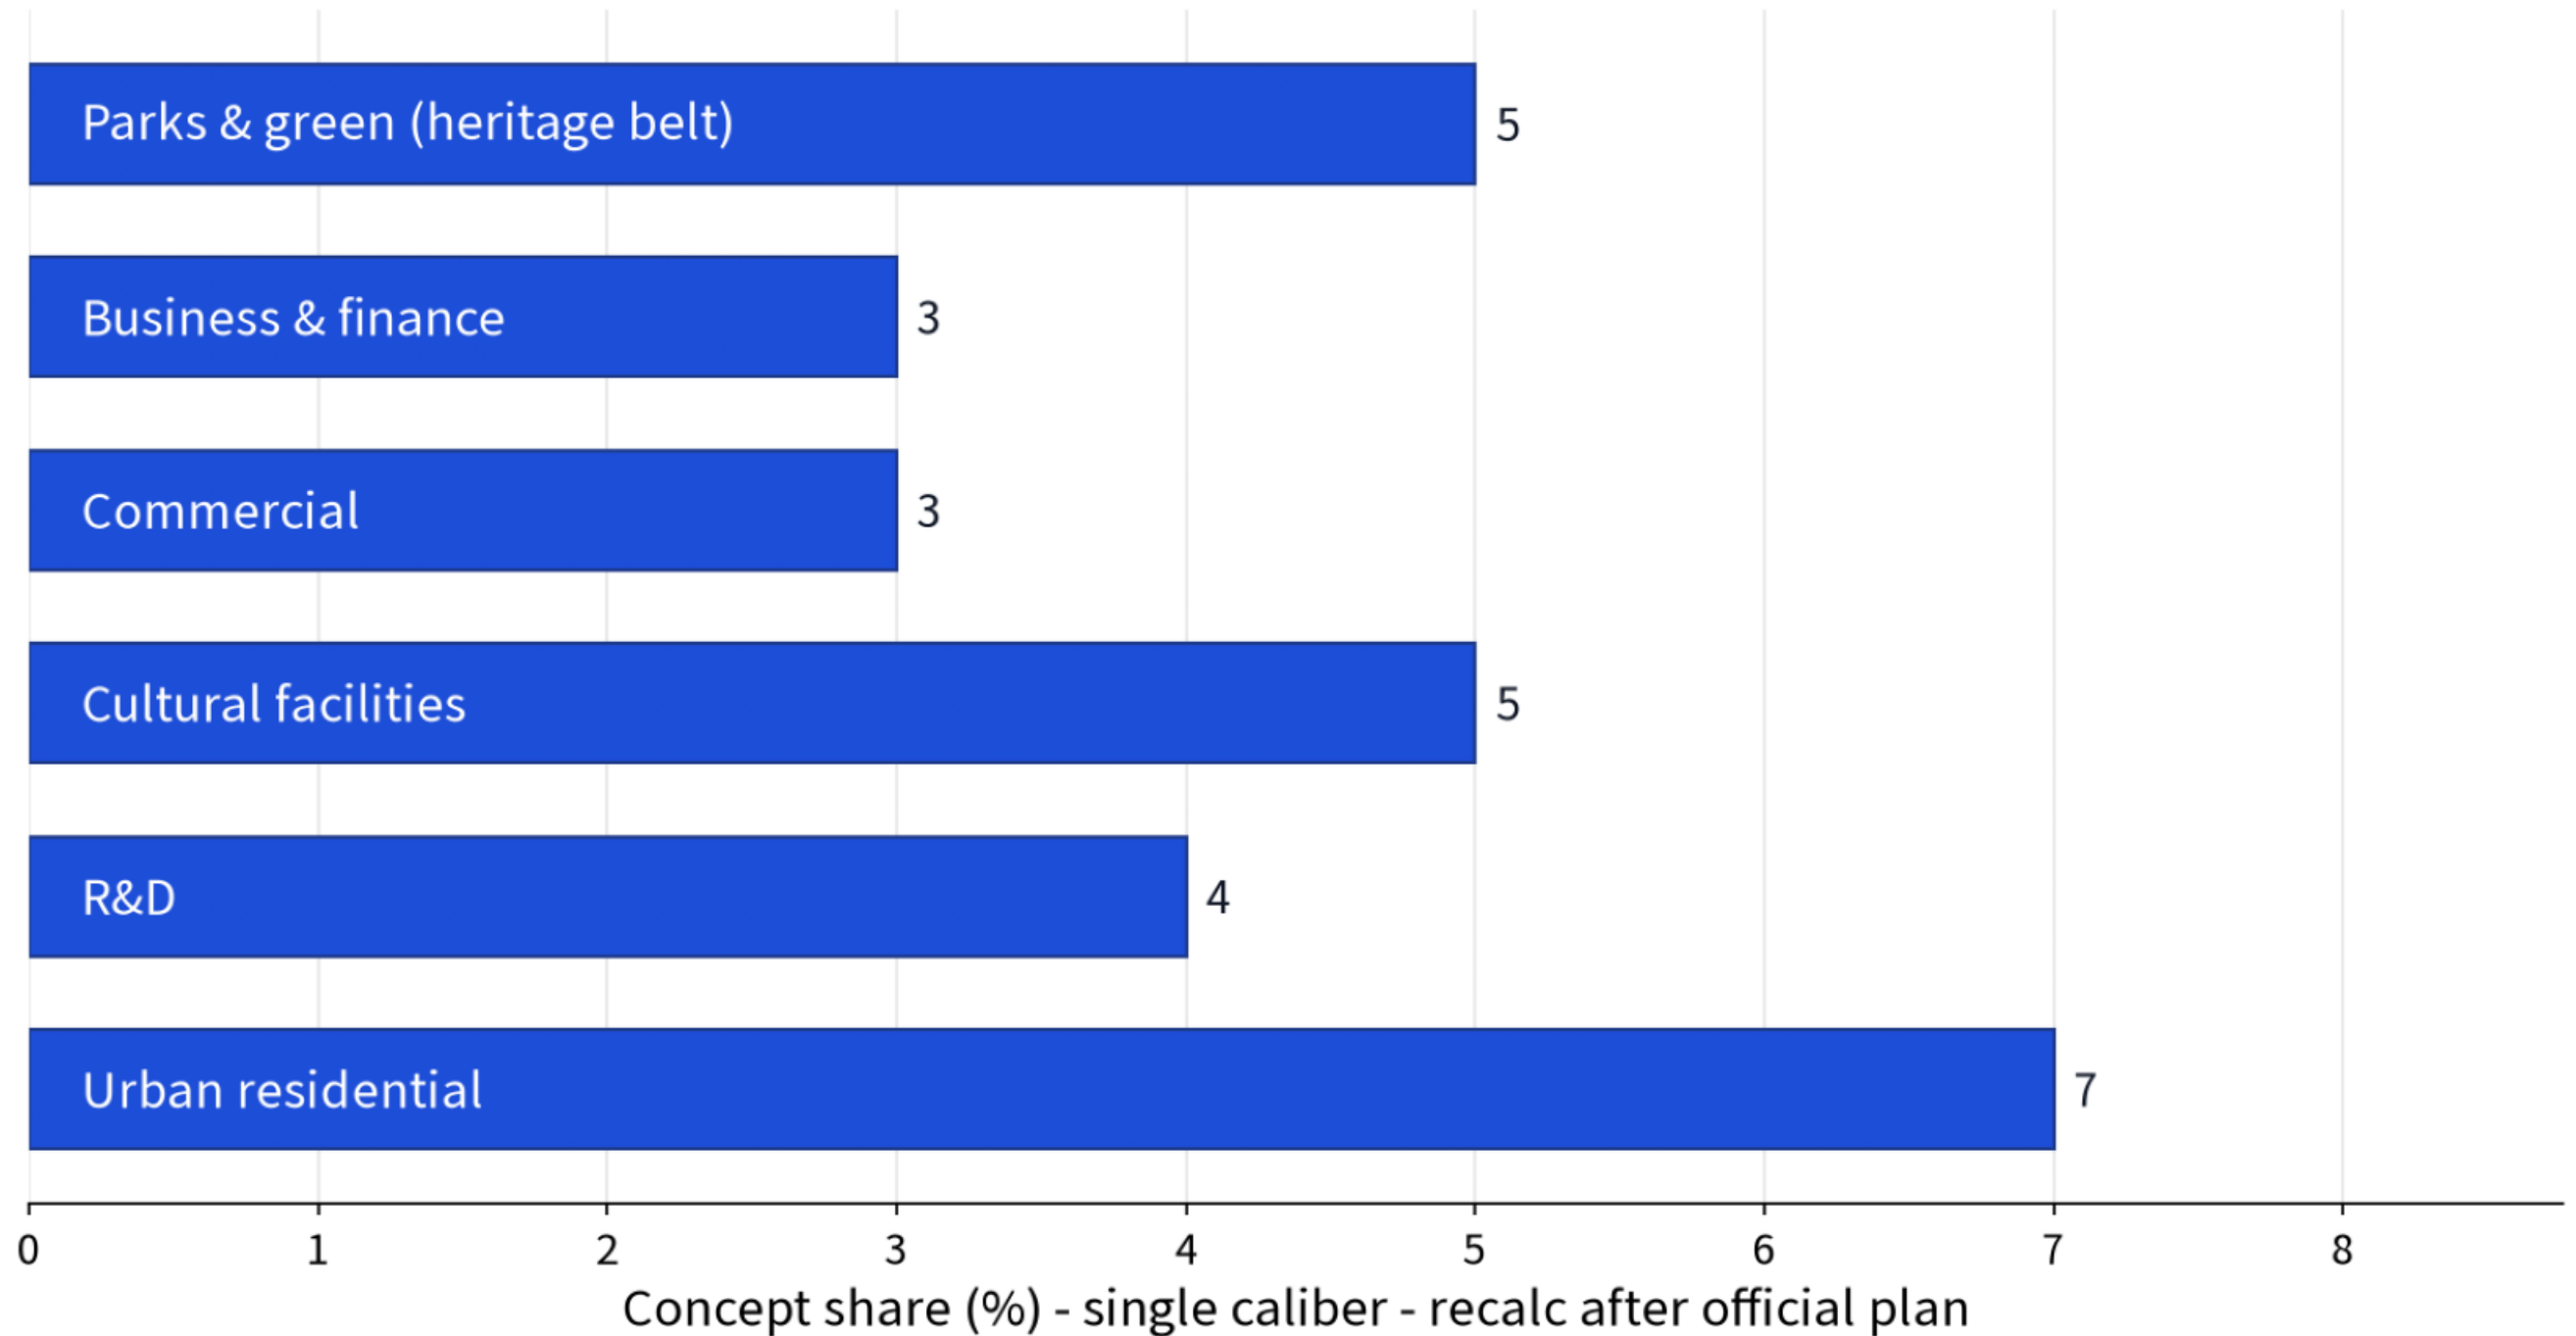

Community service: collection, compost, education

- Closed sorting room
- Compost room
- Service counter, offline

Key areas are concept envelopes from announcement clues; final siting follows organizer boundaries and field survey.

Conceptual Land-Use Structure (Single Caliber)

Provisional concept boundary • Not an official redline • Recalculate after official data

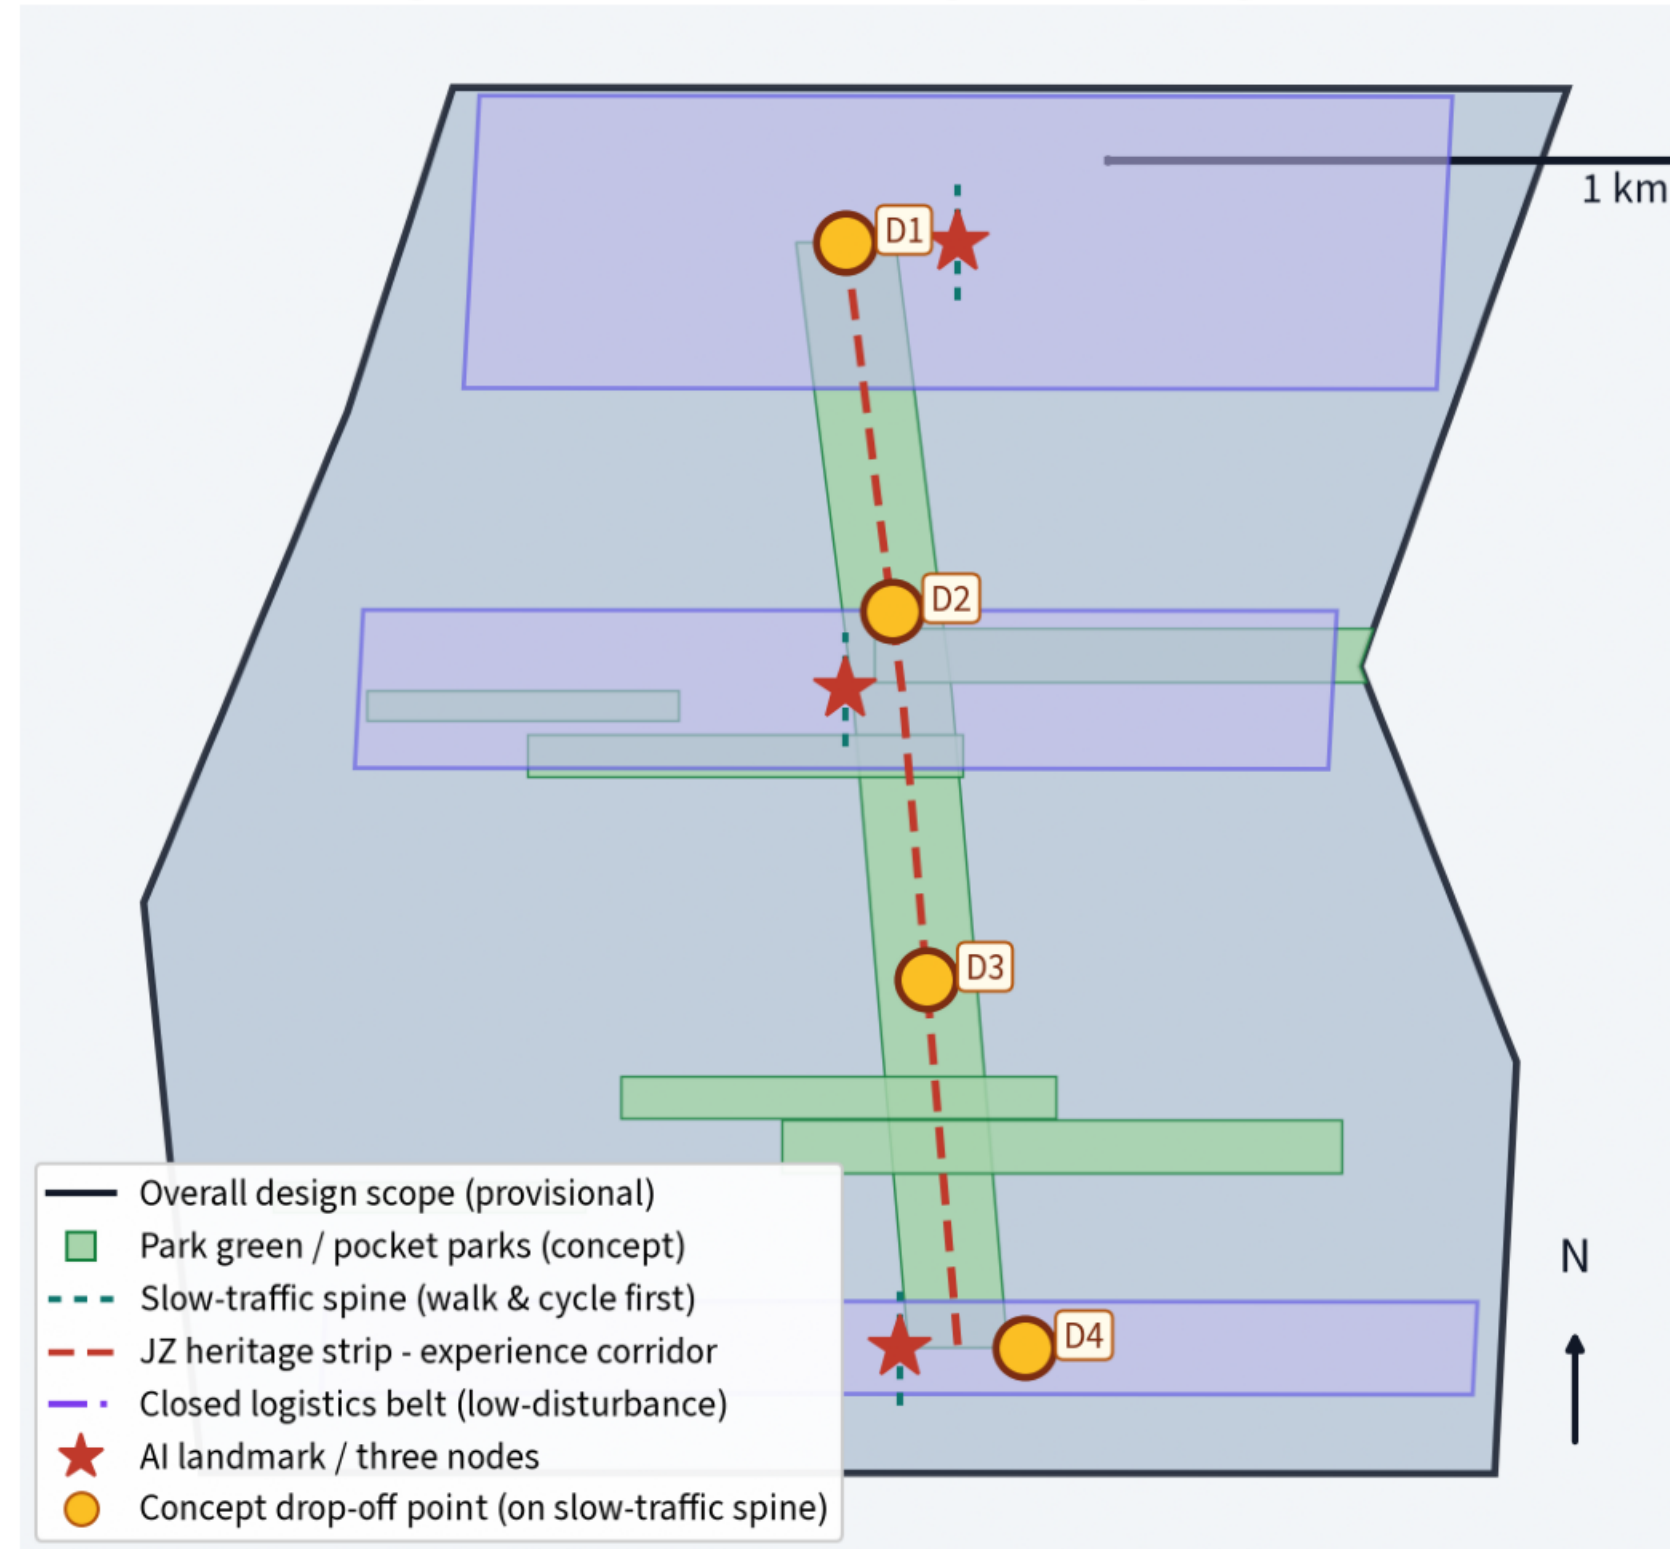

Class names follow the 2023 Land-Use & Sea Classification Guide; shares sum to 100%, single-caliber recompute after official data is published; not current or statutory.

Slow-Traffic & Blue-Green Network (concept, with connected drop-off points)

Provisional concept boundary • Not an official redline • Recalculate after official data

Collection routes integrated with slow-traffic - blue-green along the greenbelt - reversible low-impact facilities

Blue-green framework

- Greenbelt & pocket parks
- Food waste - soil - greening loop
- Recycled permeable aggregate trial

Slow-traffic tiers (concept)

- Community drop-off, 5-10 min walk
- Collection routes on slow-traffic
- Closed transport, off-peak, edge siting

Wayfinding and accessibility

- Bilingual + icon-based wayfinding
- Braille + low-position (wheelchair)
- Staffed desks + paper path (offline)

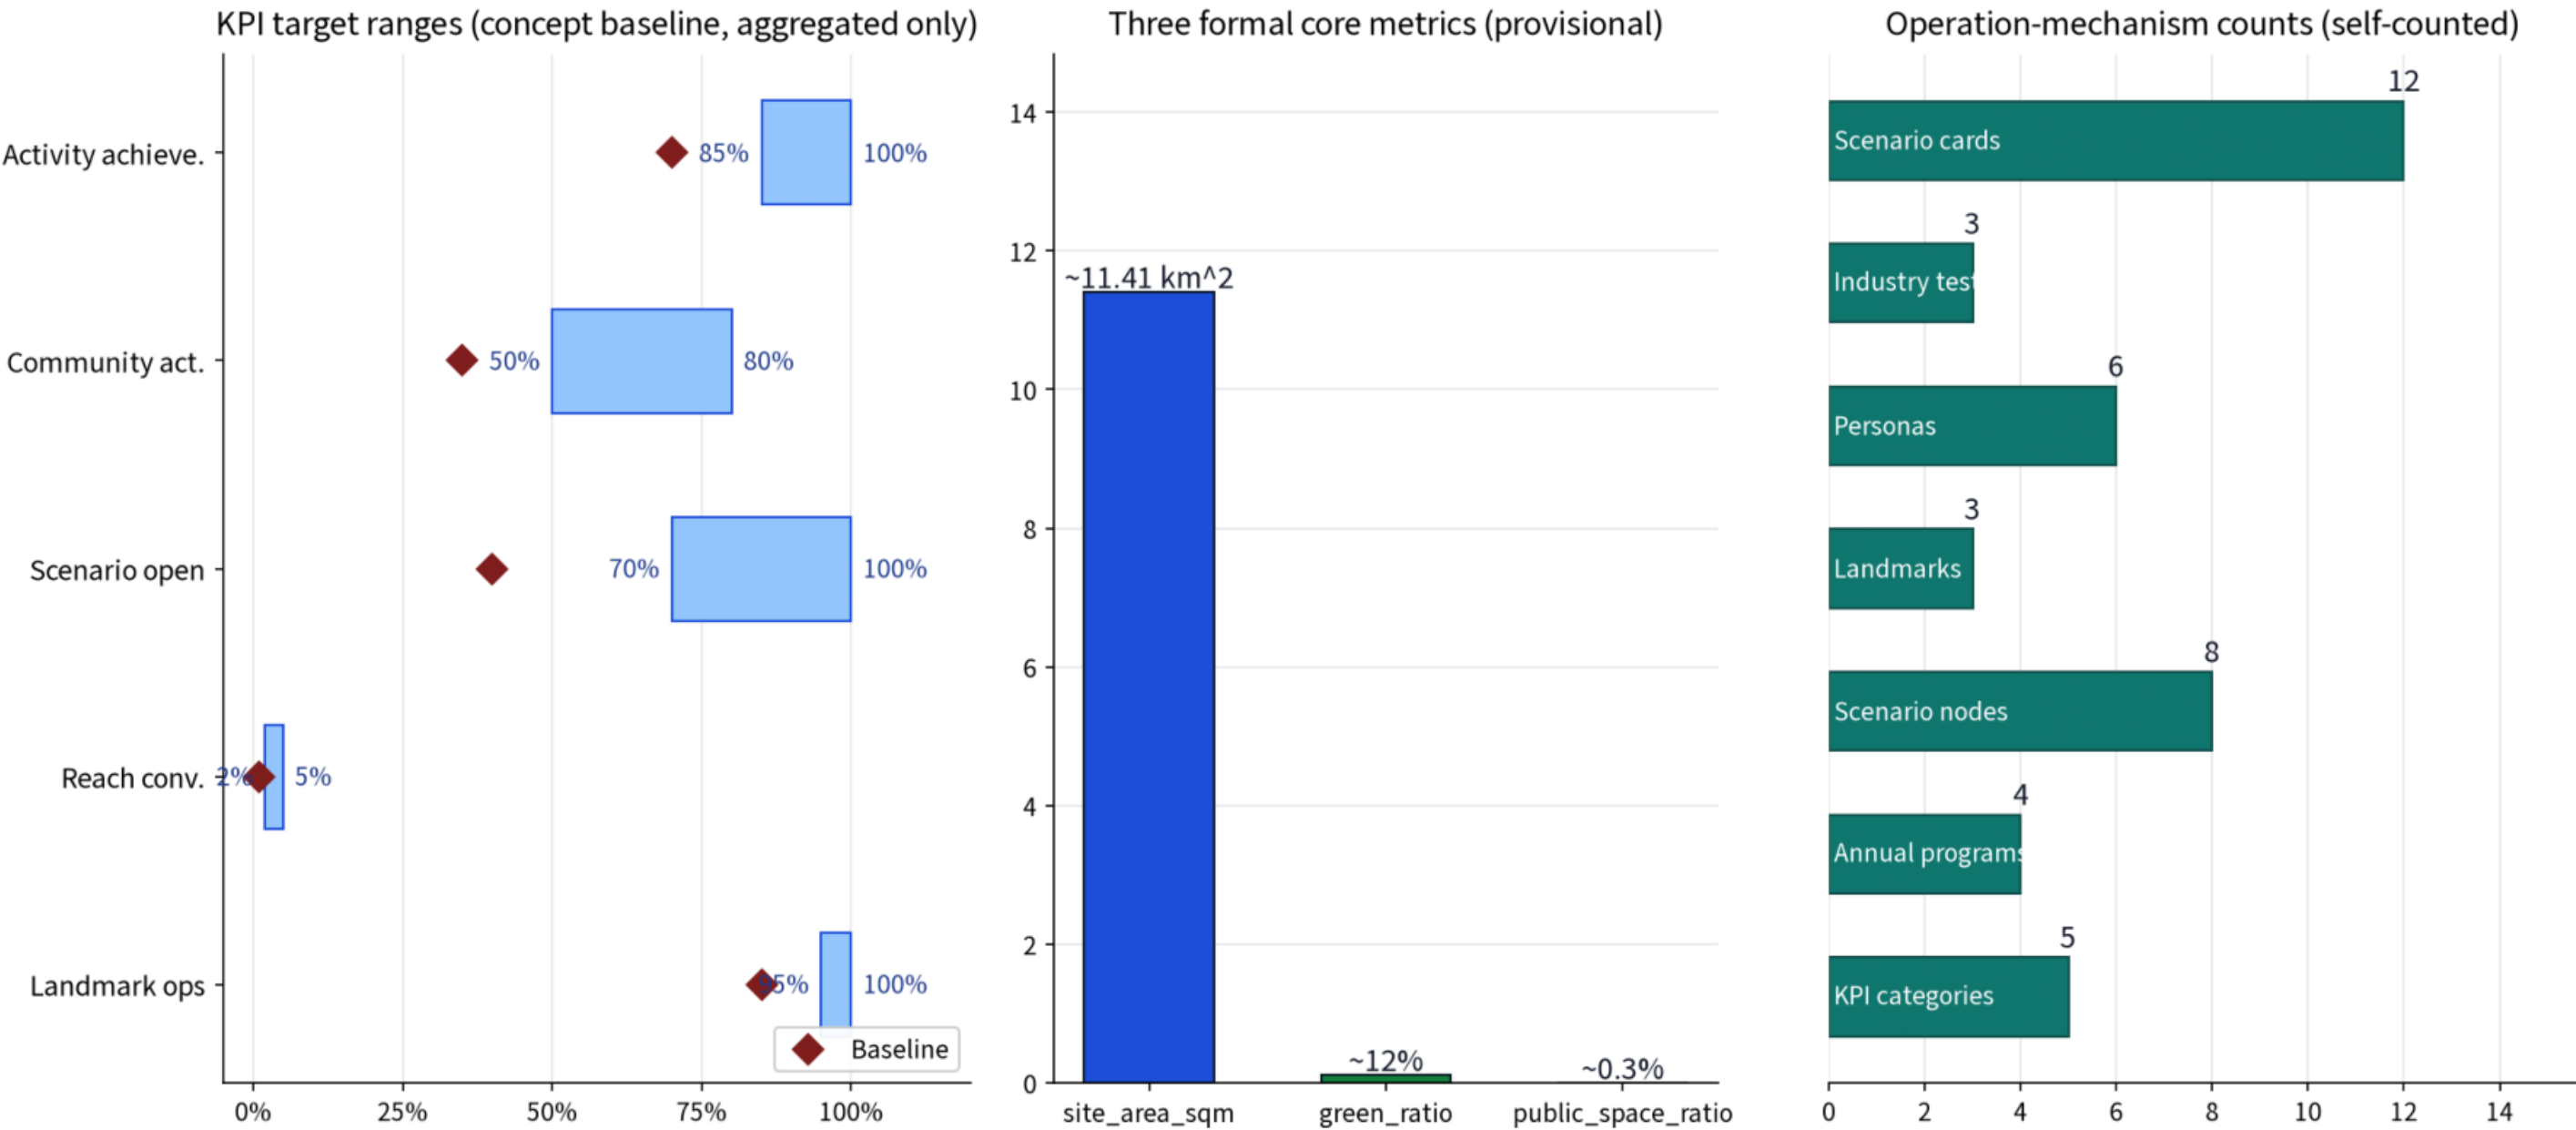

Concept drop-off points (4 shown - concept only)

Count, spacing and service radius depend on official capacity and population baseline; positions shown have no precise coordinate basis.

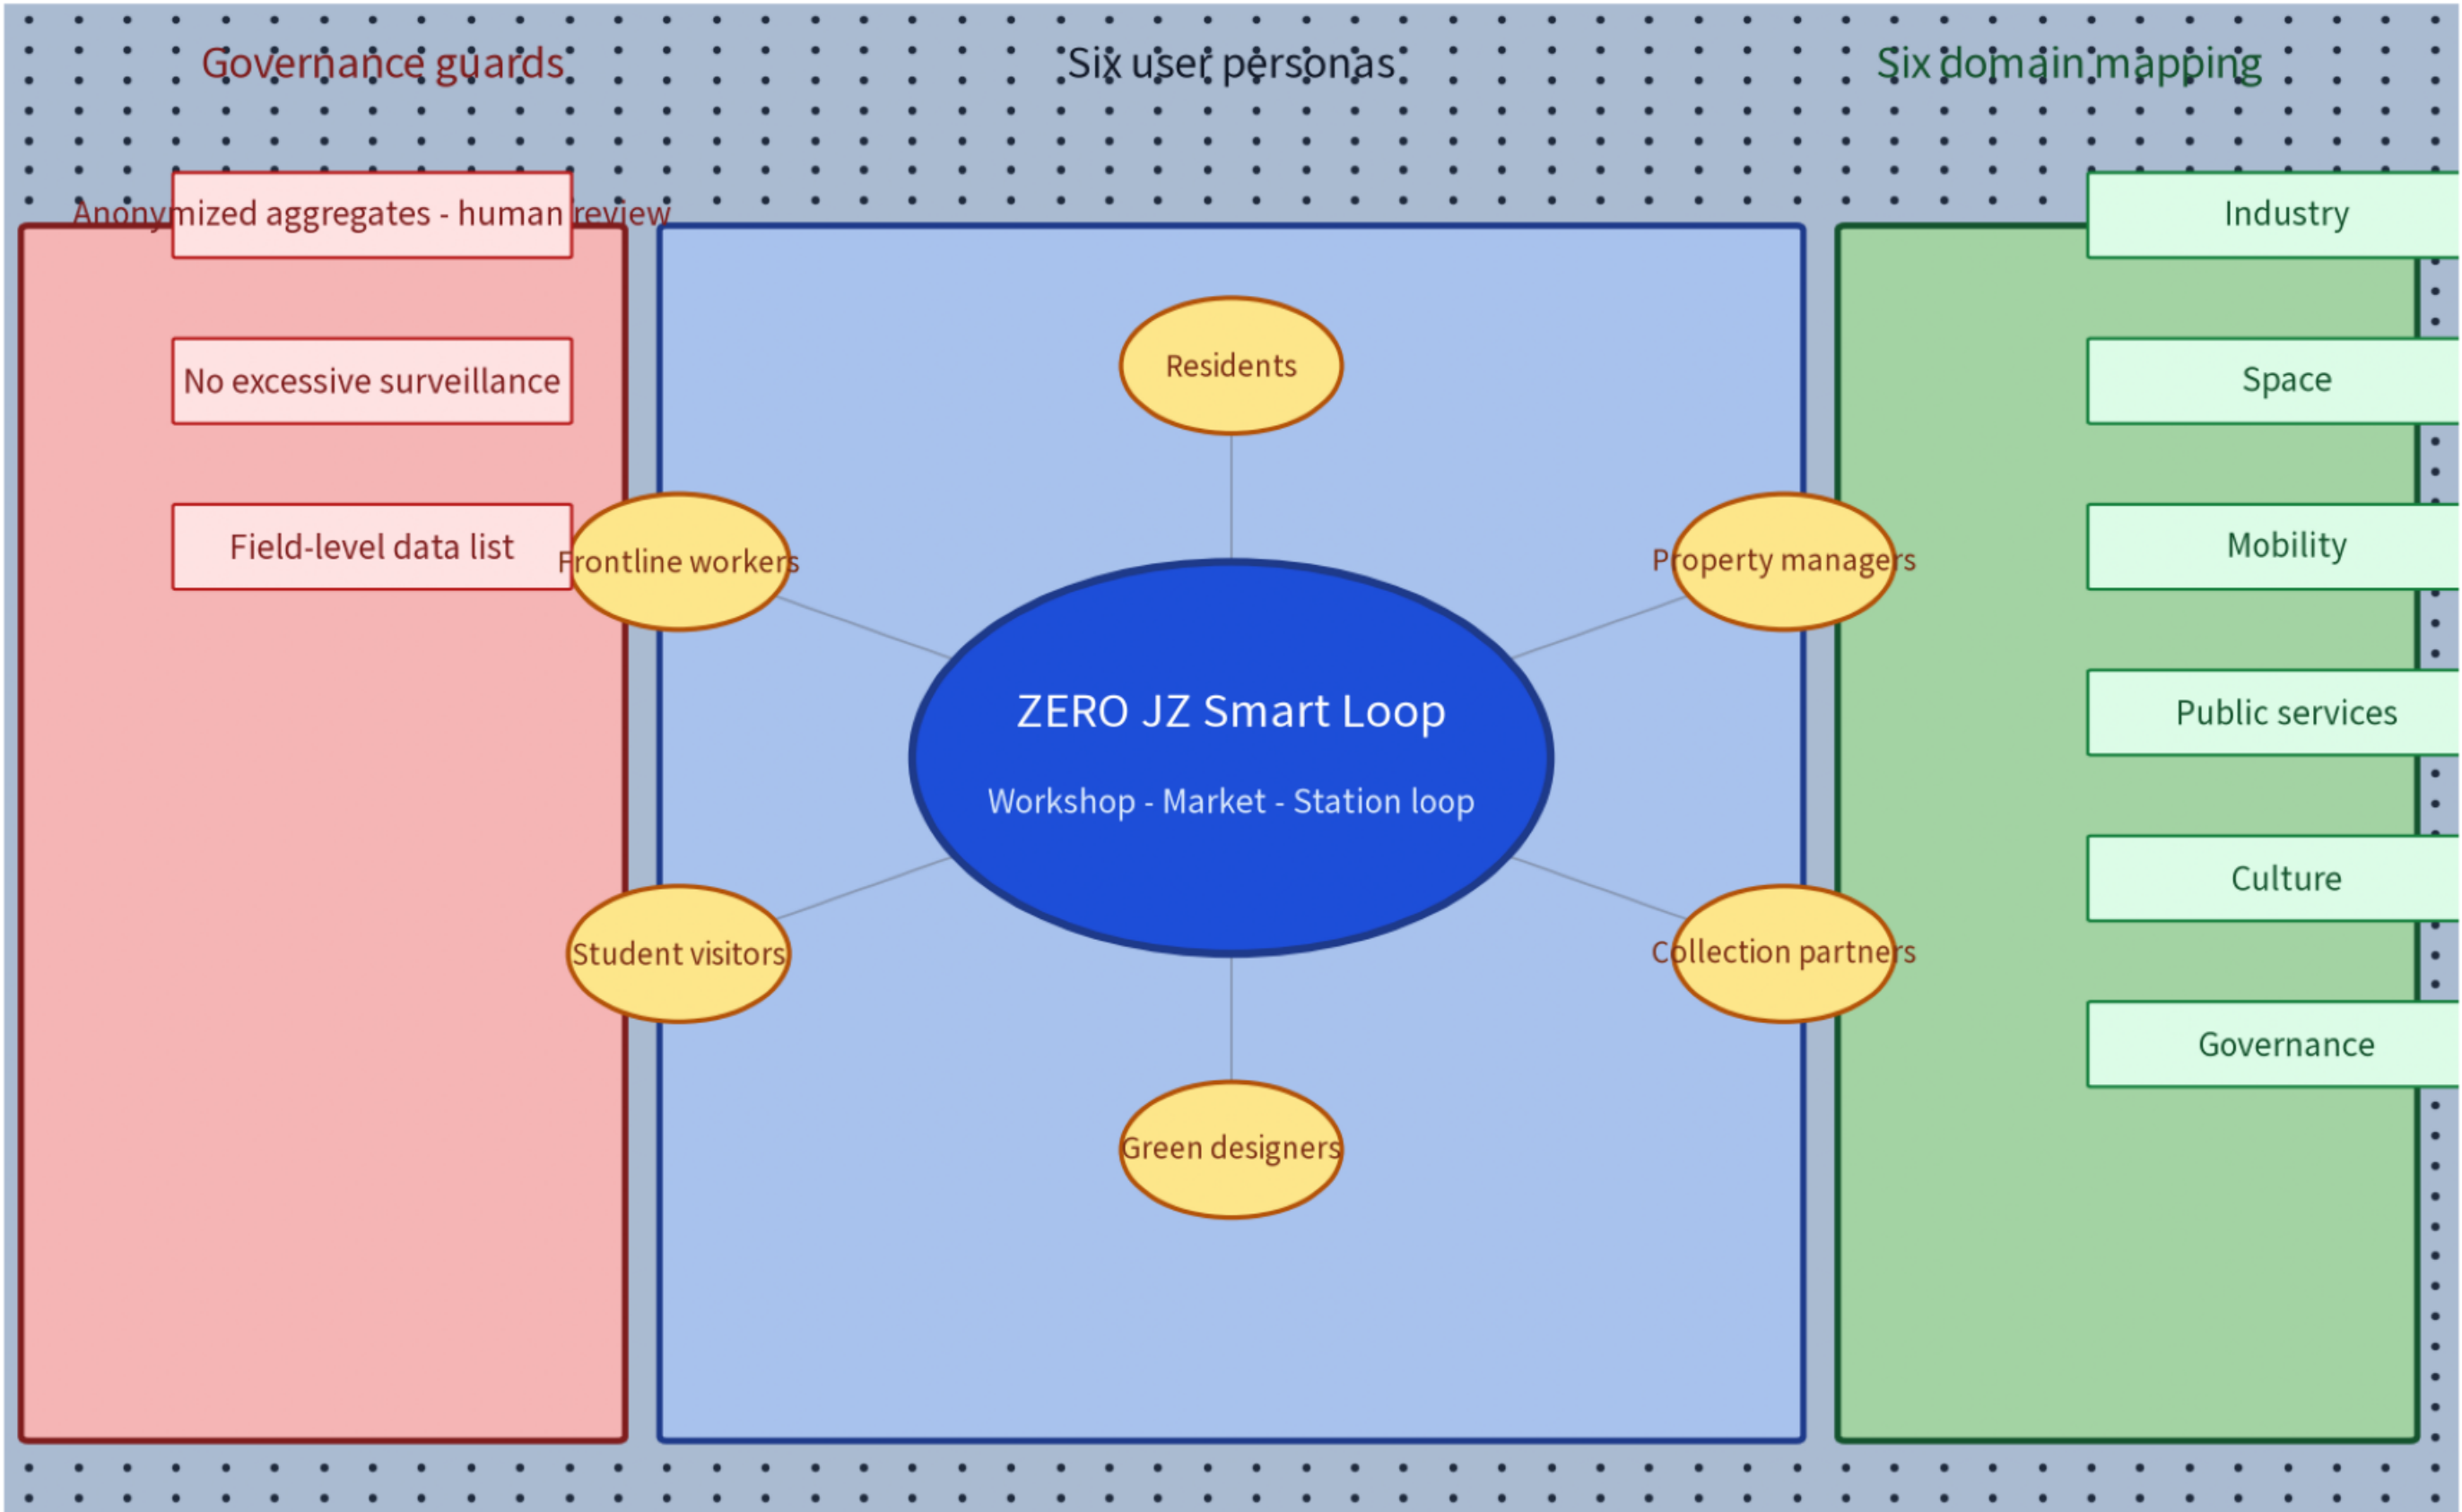

Core Metric Evidence (KPI ranges + formal metrics + counts on separate charts)

Provisional concept boundary • Not an official redline • Recalculate after official data

Recomputed from package geometry; concept values, recalculate after official data.

All displayed values are reduced-precision concept figures (participant temporary model data, not authoritative); ratios and counts on separate axes; not a numerical comparison.

BRAND IDENTITY SHEET

ZERO JZ - Zero-Waste Smart Loop

Internal working codename - no trademark search completed

Primary palette

Ink black

Brand red

Loop blue

Greenbelt green

Badge gold

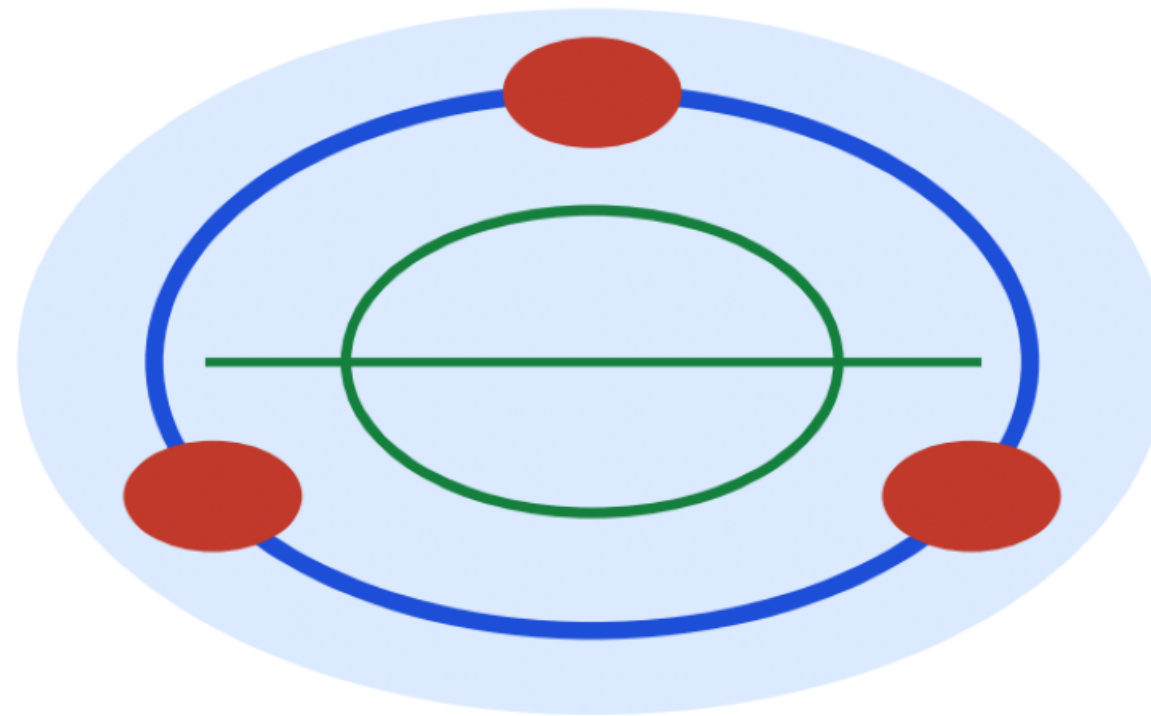

Visual grammar

Double ring (outer + inner) -
3 nodes - spine - Belt Badge -
Grey - blue - green - red -

gold

Reversible component kit

Reversible public-space
component kit (shade,
seating, drop-off,
wayfinding, notice
board, storage, compost
bin, service counter)

ZERO JZ
